Bertha Kennedy is Citizen of Year

You might have guessed it.

The St. Albert and District Chamber of Commerce 1975 Citizen of the Year presentation had to go to a woman.

And it did, keeping in tune with last year as International Women's Year.

Sixty-six year old Bertha Kennedy, of 11 Madison

Avenue, born 1909 in Great Harwood, Lancashire, England, got the presentation this year, to keep women well represented as citizens of the year.

About 150 people turned out to the Chamber's annual banquet at the Club Mocombo to congratulate Mrs. Kennedy for great work in

the community.

And six of the family were also there for the occasion, her sons and daughters, except Robert who was in Vancouver.

As Mrs. Kennedy went to the head table to receive the honour, she impressed with her quiet dignity and a great peace of mind.

Daughters Mrs. Mary Hittlinger, of Morinville, Margaret Kozel, of Edmonton, Patricia and Edith Kennedy, both of Calgary made it to St. Albert for the great night. So did sons Joseph of Westlock and Martin Kennedy of St. Albert.

While he passed away in 1968, no doubt Mrs. Kennedy's husband Andrew was present at the Chamber presentation in spirit.

Mayor Dick Plain and Dr. Bill Cuts presented the main awards to Mrs. Kennedy, with a citation from Ed Savoie, a former citizen of the year, and a bouquet to follow.

Mrs. Kennedy came out to Canada in 1921 and took up residence in Edmonton first. She then took a teaching job at the Guilbault School in 1929 "where Bill Flynn's farm is now" and then followed through with three more years of teaching at Volmer.

"I taught all grades," Please Turn to Page 2

JUST AFTER getting Citizen of the Year award for 1975, Mrs. Bertha Kennedy decided to have a get-together with some of her family at the celebration in the Club Mocombo last Saturday night. With Mrs. Kennedy (third from right front) are, from left front, daughters Pat Kennedy, Mary Hittlinger, Margaret Kozel, and Edith Kennedy. Background are sons Martin and Joe. Unable to get to the presentation was son Robert, who was in Vancouver.

Town Council shattered by land use report

"It's difficult to be calm with this kind of poppycock," said Mayor Dick Plain at St. Albert council Monday night, perusing a hefty \$600,000 Land Use forum report which he termed a great disappointment.

The mayor called the near million dollar report almost criminally irresponsible. It seemed to suggest unitary development with smaller towns and centres being left out in the cold when it came to major planning decisions on their own territory.

He feared that it would destroy 22 years of the Edmonton Regional Planning

Commission's effectiveness and eliminate subdivision approving authority within St. Albert.

Councillor Frank Lukay resignedly said that the council wanted the opportunity to be heard, but "we are just creatures of the Municipal Affairs Department."

It seems that if the report was implemented then the Cabinet would hold major responsibility for urban annexation. Mayor Plain wanted the impartial Local Authorities Board to stay. He felt that the move towards

Board faces more trouble on West Grandin School proposal

The proposal for a District 6 elementary school planned for West Grandin ran into more problems at the Wednesday, January 28th regular school board meeting. At the previous meeting, trustees had learned that the School Buildings Branch had not approved the West Grandin site. The trustees had voted to press for the site of their choice and they presented the rationale for the location.

This week, the board

learned from Trustee M. MacFarlane, buildings and properties chairman, that the site of the school had now been approved but the size of the school had not. Instead of an eight-room core school requested by the board, School Buildings Branch had given a recognition of need for a six-room core school only. This would mean six core classrooms and the space for plug-in portable classrooms. The break-down

of space would be as follows: four general classrooms, one science experience classroom and one ancillary classroom. There would also be a library, gymnasium, stage ancillary, a lunch-study room and an Early Childhood Services facility.

Trustee MacFarlane moved that the trustees accept the revised concept from School Buildings Branch. He felt that the need for a new

Please Turn to Page 2

Driving gingerly through St. Albert

People driving their vehicles through St. Albert these days are driving as if they were the best drivers in the province.

They should be doing that all the time, but this month there's an added reason for doing so.

Starting with the day shift 7 a.m. February 1, St. Albert RCMP began their much publicized crackdown with the aim of increasing safety among local drivers.

Since the crackdown began, the highway patrol has checked out about 260 vehicles north of Edmonton's borders and as far north as Legal and Bon Accord on Highways Two and 28.

Basically it's an equipment check to make sure that tail lights, headlights, mufflers, windshield wipers and other parts of a car's anatomy are able to make their full contribution to safety on the road.

Sgt. George Siemens of the St. Albert RCMP Highway Patrol said Tuesday afternoon about 70 tickets have been issued so far in three days of the month long

crackdown.

Also, Manager Roland LaFlamme of Davis Automotives St. Albert said Monday that there'd been a rush to buy single light bulbs, directional lights, mufflers, seal beams, and windshield wipers. This was particularly noticeable January 31 and February 2, he indicated.

So far Sgt. Siemens said the RCMP had had excellent co-operation from the public. "I can't think of any adverse comments (from the public)" he said, "and I'm delighted."

"If people feel bad they aren't saying anything, but they know its for their own good," he added.

He said that since the crackdown began, there has been good traffic behaviour on the St. Albert Trail. This refers specifically to correct lane changing procedures and the signalling of those changes.

Sgt. Siemens said it would take longer to see just exactly what effect the crackdown is having, but he reiterated his delight at the success of the

program so far.

He felt that ticketing would become less and less as the crackdown took hold; less \$10 tickets would be handed out.

If you experience the crackdown it will be similar to what happens when there is a check stop. You'll be

pulled over and at night, if the RCMP spot any deficiency in your vehicle, you'll see the red dome lights flashing.

RCMP manpower from both the Morinville and St. Albert detachments are involved in the crackdown.

Please Turn to Page 2

Sturgeon counters St. Albert annexation

St. Albert council was not very receptive Monday night to a move by the MD of Sturgeon #90 to have the Local Authorities Board table St. Albert's request for annexation of 6,000 acres near the town till an alternate growth study has been completed.

Mayor Dick Plain brought the MD to task saying, "the MD must have a 'short memory' as it had supported the Morinville Qualico annexation which was later turned down by the Local Authorities Board. The may-

or also cited the Spruce Grove annexation which had been supported by the ERPC.

The MD has asked the LAR to table the annexation proposal because of the area involved, its detrimental effect on both the MD and St. Albert, and also because it may prejudice the outcome of the Alternate Growth Study being prepared by the ERPC.

Mayor Dick Plain pointed out that it would be quite a disaster if all annexation proposals were frozen till all

Please Turn to Page 2

Ron Harvey, obviously moved by the accolade of Ethel Cuts, and the honour of having the school named for him, was almost at a loss for words as he began to speak to the large crowd who attended the official opening ceremonies last week. Story on Page 3

Citizen of the year

Cont'd From Page 1

smiled Mrs. Kennedy, "and one year had 54 kids from grades one to eight in one class."

Mrs. Kennedy told the Gazette she married St. Albert resident Andrew Kennedy in 1935. He was born on a farm, as Mrs. Kennedy again recalls, where the golf course is now. They had seven children.

In that year of marriage Mrs. Kennedy left teaching till 1954 to get in another year of classroom work.

From 1957 to 1974 Mrs. Kennedy was teaching at Father Jan School and then at Albert Lacombe with grade three children.

Dr. Cuts told the banquet that the task of choosing the Citizen of the Year was very onerous and there were strict criteria for the award to be granted. Not least of these was service to the community and service which could be seen to bear fruit.

He explained that after Mrs. Kennedy retired from teaching in 1974, that was not the end of her work. She had a talent for music "and she shared that talent." She is still a church organist at the St. Albert Roman Catholic Church and she began playing the organ when she was 15.

Mrs. Kennedy also runs a children's choir and is also active in liturgical and community singing. Running

down the list of Mrs. Kennedy's activities in the community, Dr. Cuts said she was a member of the town Historical Society, a researcher in religious education and a charter member of St. Albert's first recreation board.

Dr. Cuts praised Mrs. Kennedy for her cultural and religious contribution to St. Albert.

Mrs. Kennedy said that "other people deserved to be recognized" and that she had just been doing the things she liked. She added that she had enjoyed teaching and she hoped that she could live up to the recognition given and "keep on working for everybody."

1974 Citizen of the Year Henry Terrault accompanied Mrs. Kennedy to the head table to receive the 1975 presentation.

COMMONWEALTH GAMES

Vice-president of the Commonwealth Games Foundation, Bill Bagshaw was, at the presentation to give food for thought for Edmonton's hosting of those games in 1978.

He backed up his theme, that Canada needs an opportunity to express its new found sense of nationhood at such events as the Commonwealth Games, with a

fine display of slides from the Pan American games held recently in Mexico.

He said that he had never had the experience of seeing Canadian athletes in an international contest before and when he did, it brought tears to his eyes.

Some of the slides showed 5,000 Mexican children, in an arena packed with 110,000 spectators, displaying Canada and the flag with a shifting display of coloured cards. The patterns, illustrating athletic themes, became more complex and detailed and were well photographed.

"The Commonwealth Games will have a big impact on all of us, whether young or old," said Mr. Bagshaw.

He commented that the Montreal situation for the Olympics was bad and this worried him as the Olympic ideal might be tarnished. He blamed massive political involvement for the chaos at the Montreal games site.

"I want to assure you that what is happening in Montreal will not happen here," he emphasized.

He said the Commonwealth Games were without team sports and so enabled the smaller nations to participate. They would stick to a \$36 million budget "and we'll be on budget or else we'll have to cut back."

Mr. Bagshaw pointed out that up to 9,000 volunteers might be needed to support the Edmonton Games.

Cont'd From Page 1

He again showed how his pride in Canada had been stirred at the Pan American Games. A local Edmonton girl, Liz Carruthers lost to an American girl diver by three points. The American girl had been given a hard time by the 15,000 Mexicans at the pool, but this was softened when Carruthers went over to the American and hugged her in spite of her own defeat.

Emcee Bob Arnold who had a great night at the presentation came out with one of his many humorous asides after Mr. Bagshaw's slides.

"They say a picture is worth a thousand words -- can you imagine how long he would have been here without them?"

CHAMBER PRAISED

But apart from everything else it was a night to remember for the Chamber. They were praised for putting on a fine evening. The new executive was introduced and Mayor Dick Plain said that he looked forward to working with the new executive. He added that he had seen the Chamber achieve new goals and strengthen itself.

Former Chamber President Garry Hodgins got a certificate of merit for work done in the Chamber last year and his wife Sonia also received a token of appreciation.

St. Albert annexation

growth studies were completed. He mentioned Fort Saskatchewan as one of the other areas which would be affected.

Mayor Plain felt that the MD's decision on the tabling motion was motivated by political reasons rather than anything else.

As St. Albert wants to see the annexation go ahead so it can improve its tax base, Councillor Myrna Fyfe gave support to the mayor on the annexation bid.

"We've taken our fair share of taking people (in) and we can't go on till we increase our tax base," she said.

It was further pointed out by St. Albert that at a meeting last summer there were no objections by the MD when Edmonton gave word it wanted to annex lands northwest of the city.

Councillor Frank Lukay pointed out that within the framework of the outline plan, St. Albert was just looking at the opportunity to establish a light industrial area.

R.C.M.P. crackdown

Cont'd From Page 1

They can't stop everyone, but you will avoid yourself embarrassment and a \$10 ticket if you make sure that your car is in proper working order.

And RCMP point out that it's easier to spot equipment deficiencies in lighting systems at night when light conditions force these to be used.

TRUCK STOLEN IN ST. ALBERT

Three young men thought they were going to get away with a half-ton truck near 40 Aspen Crescent 2:30 a.m., February 2, but they didn't reckon on getting caught almost red-handed by St. Albert RCMP.

This in turn would provide employment and would also help towards a solution to the traffic problem in the northwest Metro area.

Some of this traffic would be diverted to the park, he said.

The annexation would provide a plan whereby residential development in St. Albert would be complemented within the Metro area and Coun. Lukay did not see how the annexation would deter from the overall planning of the Metro area.

Referring back to the annexation of lands in the MD by Edmonton Coun. Lukay pointed out that the city had agreed to pay a certain amount of the revenue which might be lost to the MD. Also the province had indicated it would contribute to the MD for the loss in the assessments.

Following recommendations by council Mayor Plain said he would do his best when it came to the mid-week ERPC meeting on the annexation tabling motion.

The truck belonged to John Webster, of 40 Aspen Crescent.

Apparently the youths were seen acting suspiciously near the truck and were actually in the process of driving it when they were caught.

RCMP members on patrol spotted the incident and the three young men said to be in their twenties were apprehended.

No damage was reported done to the truck.

No charges have yet been laid following the incident. RCMP said the men are also believed involved in a house break-in on Akin Drive. The house is under construction and some paint was reported stolen following the break-in.

West Grandin School proposal

Cont'd From Page 1

school was of the greatest importance and that the building would serve some of the need and alleviate the problems that will confront the district this fall. He added that the district could issue another Certificate of Need as soon as the West Grandin school was completed.

Trustee Dr. W. Cuts spoke against accepting a school smaller than that requested by the district. He wanted to know why Department of Education policies had changed so quickly. Why too should Lacombe Park children have a larger gymnasium and bigger facilities than their counterparts in West Grandin? Dr. Cuts said that it is bad enough that they have had to accept core schools instead of the traditional structures. He considered they were being forced to build "shanties." He felt that the need of the district is for a larger school and that they should stand their ground.

Trustee Don Munro com-

mented that the gymnasium proposed by Department of Education would be a one-station and not a two-station and he did not see how that could fit in with community use. The staff workroom was only half the size of the one in the Ron Harvey School. He said that delays are inevitable and that the board should start to think about alternative accommodation for district enrolment this fall.

Chairman Bill Webster reviewed the needs in the West Grandin area and after some further discussion between trustees the matter was put to the vote. The motion to accept the smaller school put forward by Trustee MacFarlane was defeated. Trustees MacFarlane and McCaffery voted in favour and Trustees Webster, Cuts and Munro were opposed. The board now faces the prospect of persuading the School Buildings Branch of Department of Education to re-adjust their thinking.

Land use report

Cont'd From Page 1

centralization left the way open "to patronage, corruption and bribery."

At the opposite end of the stick Councillor Barry Breadner said he wasn't convinced that the LAB should continue to exist.

Terming the report a great disappointment Mayor Plain said that council must come out with positive alternatives to the Government's.

The report had failed to come out with any, although the mayor conceded that in some areas the report was not all bad.

Councillor Myrna Fyfe wants council to meet with the local MLA to ask for his support and where he stands as St. Albert's political representative.

Another point in the report which had Mayor Plain showing concern was a suggestion there should be no financing available for single family dwellings.

"It's unbelievable!" he exclaimed again.

Councillors Breadner and Lukay sympathized with the mayor's fears, fears that the ERPC would be replaced with a Metro Planning Commission where Edmonton would have the majority of the votes.

Mayor Plain indicated it would be a sorry day for places like Strathcona, Leduc, St. Albert and Parkland County - the whole works - if all control of subdivision was placed with one major centre.

Yet that was what parts of the report as read by council seemed to suggest, the complete centralization of local planning.

Councillor Margaret Smith saw the pressures - within the urban area spreading out a further 20 miles to Morinville, Spruce Grove and Fort Saskatchewan where soon there would be no escape.

She pointed out that Calgary - albeit a little behind Edmonton was beginning to have similar pressures - its tentacles going out to Okotoks and Airdrie.

At one point it was mentioned that at the present rate Edmonton would have control over the affairs of Drayton Valley!

Councillor Gary Weitsch hit the document with "Knowing how government documents are, probably this'll hit a shelf and who knows."

He also complained that the Land Use Forum was using the council to provide "ammo," when the forum had already been out to St. Albert on a fact finding mission.

He added that the government had placed the onus on the municipalities to read the document and they had taken two years to bring it out.

At one point council seemed totally "zoned out" by the hefty document in front of them. There was a tabling motion which was lost, moving that the whole report be slated for a future committee of the whole meeting.

Nevertheless Coun. Fyfe was anxious for co-operation with sister municipalities on an approach, so that a unified statement on the report could be given to the provincial government.

Large crowd attends opening of Ron Harvey school

There was standing room only as an enthusiastic crowd attended the official opening of the Ronald Harvey Elementary School in Lacocaine Park on Tuesday, January 27. Principal John Bauman was master of ceremonies for the appropriate program.

After many delays and teething problems the school had, in fact, been in use since November last. Prior to that students scheduled to attend the Harvey School had been accommodated in District 6 schools scattered throughout St. Albert and in the United Church basement.

The program for the official opening began with

O'Canada followed by a meaningful invocation by the Reverend Len Musto. Mr. John Bauman, principal of the new school, introduced platform dignitaries who were as follows: District 6 Chairman Bill Webber, Rev. Len Musto, District 3 Chairman Steve Sieben, Mayor Richard Plain, Superintendent Elmer Gish, Assistant Superintendent (Elementary) Muriel Martin, Mrs. Ethel Cuts, Mr. Ron Harvey, Assistant Principal Elsie Ingman, MLA Ernie Jamison and Education Minister Julian Koziaik.

Introduced from the audience were the current trustees: Dr. W. Cuts, Shirley

McCaferry, Murdo MacFarlane and Don Munro. Also in the audience were the architects representative, Al Broda; Mr. J. McDonnell from the Sturgeon School District; and the following former District 6 trustees: Roy Hart, Roy Usher, Jim Dobie and Derek Brown.

Regrets were sent by Marcel Lambert MP who was unable to attend and by Assistant Superintendent (Secondary) Bob Prather who is recovering from an operation.

Delightful choral numbers were given by grade one and two students at this point in the program followed by greetings presented by Bill Webber, Dick Plain, Steve Sieben and Elmer Gish. Grades four, five and six students sang several songs including "When Irish Eyes Are Smiling" which happens to be a favourite number of the Northern Irishlander whose name has been chosen for the new school.

The Education Minister, Julian Koziaik, was introduced by Ernie Jamison whose voice was a trifle croaky on this occasion. Mr. Koziaik quipped that Mr. Jamison's voice had become croaky due to the frequent visits he makes to the minister's office on behalf of his constituents. Mr. Koziaik and Mr. Jamison, on behalf of the Province, presented Principal Bauman with an atlas of Alberta, a framed picture and the Alberta flag. When the flag was unfurled there was spontaneous cheering from the Ron Harvey students.

Minister Koziaik made a short speech in which he expressed pleasure at seeing so many people at a school opening. He also spoke of the desire of the education department for the good use of community core schools.

Mrs. Ethel Cuts expressed her embarrassment at winning a prize in the school names competition and explained that her sole interest had been to have the school

Mrs. Ethel Cuts was then introduced by Assistant Superintendent Martin. Mrs. Cuts had suggested the name of Ronald Harvey for the school. A delightfully spontaneous moment came when Ethel asked Ron to come forward and the two old friends, both of whom have contributed much to St. Albert and both well known, put their arms around each other in a warm hug, drawing a burst of applause from the large crowd.

Mrs. Cuts expressed her embarrassment at winning a prize in the school names competition and explained that her sole interest had been to have the school appropriately named. In putting forward the name of Ronald Harvey, Mrs. Cuts felt that she had not departed too far from the district tradition of naming schools

after pioneers. In a sense, Mr. Harvey was a pioneer, serving as a charter member of the board at its inception in 1958 and remaining as a board member for the following 12 years. Mr. Harvey was chairman for much of this time.

Mrs. Cuts contrasted the early beginnings of the district with the present day establishment. One hundred students and six teachers using the United Church basement had now become over four thousand students and two hundred professional staff accommodated in seven schools.

Mrs. Cuts described Mr. Harvey's background. He was born in Lisburn, Northern Ireland in 1912. He served overseas for five years during World War II during which time he met his wife Joan who was also in the armed forces. They were married in 1945 and in the following year they sailed for Canada arriving in January 1947. The Harveys' arrived in St. Albert in 1955 having lived in Toronto and Edmonton. They have two sons, Shawn and Tony.

Wherever Mr. Harvey lived he was active in church and community groups. In

St. Albert he served with the Kiwanis Club, the United Church, the Legion, the Curling Club, the Boy Scout movement and of course as a member of the Board of the St. Albert Protestant Separate School District No. 6.

An excited and moved Ron Harvey expressed his thanks for the honour bestowed upon him which was made all the more pleasurable by the presence of family and friends.

The official ribbon-cutting took place by the Honourable Julian Koziaik and guests were invited to tour the school.

Chef David Carkner makes last minute arrangements to table prior to Sunday's gourmet buffet at the Northgate Motor Inn.

The Northgate Motor Inn offers something special

The Purple Dude has a new name. The Northgate Motor Inn, a new manager, Bernie McGlone, a new chef, David Carkner, and a new outlook on dining.

The new management is in the process of giving the restaurant a "face-lift" and will gradually continue the change-over until the desired effect is achieved. The dining room will be called "Plantation."

The Northgate now offers a Friday and Sunday gourmet buffet, not a smorg as do most restaurants.

The Menu now includes several seafood dishes and eventually the Friday night

buffet will be primarily seafood.

In addition to their seafood menu the Northgate has a wide variety of non-seafood entrees, whose names also make your mouth water.

For family dining the buffet is ideal. The children will enjoy the wide choice of both main course items as well as desserts. The Northgate gives Dad a break too - children under 10 are half price and under five they receive their dinner free.

If you haven't been out to the Northgate, give it a try this weekend, and be pleasantly surprised.

Come in and meet Ester and Vagn Christensen our husband and wife team working and living in St. Albert. For all your real estate needs call the team at Black Bros. N.R.S., Sturgeon Shoppers Plaza - 458-2288 or Pager 426-5880 Ext. 915.

BIRTH ANNOUNCEMENT

THOMPSON - Dick and Shirley, nee Forbes are pleased to announce the arrival of their chosen son, Jason Patrick Douglas.

Plan two strategic moves

Planning for the day you retire or buy your first home means having a master plan for your investment in the future. So we have two plans to help. A Registered Retirement Savings Plan, and a Registered Home Ownership Savings Plan. They both earn you valuable tax savings, and when you subscribe to either one, or both plans your contributions can be applied to any one, or a combination of these investment vehicles:

1. **Royal Bank RRRP and RHOSP Deposits.** Interest-bearing deposits with The Royal Bank of Canada, offering a high interest return, geared to the general deposit rate structure. Because of the long-term nature of these deposits, it is possible to pay a higher rate of interest than on conventional savings deposits.

2. **Income Fund.** High-yield bonds, deposit instruments and mortgages insured under the National Housing Act make up this portfolio which is actively managed by professionals. The policy is to achieve as high a current income as is compatible with maintaining reasonable price stability as well as moderate capital appreciation.

Equity Fund. Investment mainly in Canadian common stock portfolio which is actively managed by the same professionals. Long-term capital growth with reasonable current income is the objective of this fund.

Your Royal Bank manager can help you work out a master plan. Why not call or visit today. Now it's your move. It's all in how you plan your strategy.

OTTAWA and Small Business

Our decline and fall?

By KENNETH McDONALD

Blaming Ottawa for controls is like blaming dogs for barking — it's the natural thing to do. Governments are restrictive, not innovative. Whenever there's a problem, their reaction is to frame a new regulation to deal with it. That's the easy way.

What takes courage is to follow the opposite course — to leave people alone in the belief that, on their own, they can best decide what is needed.

In Canada, governments are not unlike the parent who told a child: "Run and see what your brother is doing — and tell him to stop." It's instinctive, but it's also very dangerous. As a result of this attitude, originating in Ottawa and duplicated at the other two levels, Canadians are preoccupied with fighting each other. Governments seek new ways to restrain the initiative of citizens who then have to waste time and energy in easing the effect of the restraint.

When government reaches a certain size it feeds on itself. The market economy which supports the country dwindles under its impact.

Instead of government, business and labour working together to advance Canada's progress, the three groups are at loggerheads. Businesses and other organizations, which should be concentrating on improving their products and finding new markets for them, are

forced to assume a political role.

Canada agonizes over problems of the past while in Japan, where government's whole motivation is positive, all sectors of society are oriented towards solving the problems of tomorrow.

The failure of government controls goes back to 2350 B.C. when a wise Sumerian ruler swept away the bureaucracy, established honest weights and measures and reformed the currency. "From one end of the land to the other ... there were no tax collectors."

In 360 A.D. the Roman Emperor Diocletian's price-fixing edict prescribed death for transgressors. After much bloodshed and starvation, that law was repealed. But the Empire's decline and fall were due to the same debasement of the currency, the same ballooning of the bureaucracy which are destroying the Canadian economy in 1976.

Controlling the money supply, freezing, then reducing the civil service, breaking up the power groups by strengthening the market sector — unless the control period is used to deal with the underlying causes of inflation, support for the program by the Canadian Federation of Independent Business and the small business community will quickly evaporate.

The Canadian Federation of Independent Business ©

HARRY'S ONE OF THE SEASONALLY ADJUSTED UNEMPLOYMENT STATISTICS.... HE QUILTS WORK EVERY WINTER!"

to the Editor

Ridiculous law

As I write this letter my 16 year old son is away from home, where I don't know. What he is doing or who he is associating with I do not know. I pray he will soon phone home and return. Meanwhile the RCMP tell me there is nothing they can do but keep a look-out for him and advise him (if they see him) to phone home.

They can not make him return they cannot tell me where he is.

The government of our province tells us he is an adult at 16.

This law is ridiculous and idiotic and any government who supports such a law does not have my support.

Derek's Mom & Dad,
St. Albert.

registry to find the owner, or perhaps the town could sell owner name tags.

For those citizens who are concerned over the damage that strays do (if measurable), could simply run off the strays. Why should dogs be discriminated against? Cats and rabbits are also capable of doing similar kinds of damage. Small children who run rampant through the neighbourhoods, without supervision, have done more damage in my yard than 500 stray dogs. Perhaps parents with stray

children should also be forced to licence their children.

I like both pets and small children and I think the responsible pet owners are being penalized because of irresponsible owners. For sure dog owners are being discriminated against. If you are interested in changing this law perhaps some local resident pet owners could become organized to have this out-dated law changed.

R. D. Kirstein,
Forest Lawn.

Protests "nonsense" by-law

I received a note with my town water bill, explaining bylaw 25/74, for the licensing regulating and confinement of animals. This seems to me to be one of those laws that have been carried down through the ages and continued because there has been no opposition against it. Pets have become part of the North American way of life and most families look forward to keeping some sort of pet. This law discriminates against dogs!!! I would suspect that most of the pet owners have dogs and as a majority group should protest vigorously to have this nonsense law changed. Citizens of this town have to pay from \$5.00 - \$10.00 a year to confine an animal in their own yards. In my three years in St. Albert,

I have not noticed stray dogs to be a problem, yet we spend many tax dollars each year to obtain an animal shelter, and to pay employees to sell tags and run around catching animals who have strayed from their yards. More than likely, these animals will return home if left alone. I am not trying to condone animals running loose, however perhaps our taxes might be reduced if alternatives were considered.

Perhaps, pet owners who have pets capable of wandering should be required to register their pets (dogs, cats, rabbits etc.) for a nominal fee of \$1.00 a year. Lost pets could then be returned to their owners. The benevolent person finding a lost pet could take the town

Lovers take note

their favourite ladies by taking them to the Lady Lions Sweetheart Ball on Saturday evening Feb. 14 at Club Mocambo.

This is the 10th anniversary of the Ball and arrangements have been

made for cocktails at 6:30, smorgasbord at 7:30 and dancing to the "Good Vibrations."

A highlight of the evening will be the selection of the Queen of the Ball who will be crowned with a tiara and the

recipient of a gift.

Always a popular mid-winter event, the Ball ties in with the Lions winter carnival this year. Dress is semi-formal, the hall will be done up in valentine theme and the Lady Lions have a knack

of arranging an especially nice evening.

Tickets are available from convener Judy Simpson at the Scotia Bank or Sweetheart Jewellery on Grandin Mall, or by phoning Marilyn Garipey at 459-3771.

Queen candidates

Lions Winter Carnival Queen candidates have been selected from the three junior high schools and two high schools in St. Albert and the following girls are in the competition:

Cheryl Koshman will represent Sir George Simpson, Bonnie Cinnamon for Lorne Akins, Anne Woertman for

Vincent J. Maloney, Susan Bailey for St. Albert High and Helen Reilly for Paul Kane.

The girls will be judged on Thursday afternoon by a panel of three judges who will decide the winner. The girls range in age from 13-18 and are from grades 8, 9 and 12.

Spirit River String Band at the Inn

The Spirit River String Band, a favourite among folk and bluegrass lovers, is playing a two week engagement at the St. Albert Inn starting Feb. 2.

The six man band includes Claire Beaudoin scrub board, bodhran, Brenda Morie (singer, penny whistle), Peter Mitchell (guitar, dobro, bass), Don Leckl (mandolin, bass), and Paddy Byrne (guitar, banjo, fiddle, bass).

The group rarely plays in taverns, sticking mainly to hospitals and institutions where the people can't get music. They also play for

parties and dances, especially square dances.

The String Band has included a number of new songs, mostly of Irish-folk origin, to their repertoire of string band music, bluegrass and old English. Some favourites include "Orange Blossom Special," "Y'all Come," and a host of other songs.

It's hard to resist the hand-clapping, toe-tapping rhythm of the Spirit River String Band. They will be at the Inn until Feb. 14 - don't miss them.

Council will skate for large sum

The St. Albert Kinsmen report that local business people have sponsored the mayor and all councillors for a total of nearly \$700 in Sunday's Skate-a-Thon, so the five men and two women will be contributing a substantial effort when they do those laps.

Also invited to take part are members of the Edmonton Eskimos and the Oilers hockey club, along

with representatives of various Edmonton media.

The young people - students, hockey players and boys and girls will be having an eye to the grand array of prizes available this year. Go on down to the arena Sunday and cheer them on as they help the Kinsmen raise money for projects under their motto, "Serving the community's greatest need."

CITIZENS OF ST. ALBERT

The Kinsmen Club of St. Albert is looking for a project to fulfill the COMMUNITY'S GREATEST NEED.

Karl Hauptmans celebrate Silver Anniversary

Karl and Annette Hauptman began the celebration of their Silver Wedding Anniversary by renewing their marriage vows at St. Albert Roman Catholic Church, where they had been married December 15, 25 years ago. Father Al Roy officiated at the anniversary service January 15th and it was Father Gerard Labonte who married them.

A reception, dinner and dance followed that evening at Club Mocombo for 138 guests which was arranged by the Hauptman's children.

Seated at the head table were Arsene and Marie Pelletier, Annette's parents, Leon and Margaret Prefontaine, her godparents, the bridesmaids Yvette (Pelletier) Tribiger, Emma (Hesse) Schafers and Lucille (Cherot) Bailey; the honoured couple, best man Ted Hauptman, their children Richard, with escort Cathy Medland, John, with escort Laurie Jeffries and daughter Cathy; Jack Hauptman, master of ceremonies, and his wife Linda.

The groom's attendants originally were Ted Hauptman, Ernest Pelletier and Joe Hesse.

Karl and Annette met at a dance at the St. Albert Community Hall, MC Jack told the crowd. In those days Karl used to work after hours from his regular job at the Bruin Inn and would often go over to the dance after the

hotel closed at 10 o'clock. On this occasion he noticed Annette right away but she was reluctant to dance with the stranger. However she knew Walter Hauptman and when she discovered Karl was his brother it was all right. Jack spoke of how hard the couple had worked, recalling Annette's struggles as a young bride with a large flock of chickens and how they worked together on business ventures such as Karl's electric shop and later the drive-in.

Best man Ted Hauptman said he had known Annette for 26 years and recalled that it was while they were coming back from a picnic that the couple told him the good news that they were planning to be married. I knew then that they were right for each other he said. Ted also remembered the terrible storm 25 years ago and Karl's determination that nothing should stop the wedding. They are "great, wonderful people."

Father Roy was called upon and spoke of the Hauptmans dedication to their church and their community. Their son Richard spoke for the family and congratulated his parents on their anniversary.

Ted Hauptman proposed a toast to the couple, saying they are a wonderful brother-in-law and sister-in-law - no one could have better.

When they were first married Karl and Annette had a two-room house with an upstairs and we had a two-room house with no upstairs, he said, but we had many good times. He wished the couple many years of happiness and health.

Adam Hauptman, who had been an altar boy at the wedding 25 years ago and again at the anniversary service along with his son, made a presentation of an engraved silver tea service on behalf of the Hauptman family and spoke of the wonderful support Karl and Annette have been to all members of the Hauptman family over the years. On behalf of the Pelletier family Clayton Holt presented a silver wine carafe suitably engraved.

Karl thanked everyone, saying "you people here have made this such a memorable occasion for us" and adding a special thank you to the three kids for their part. "It's the fashion nowadays to get married several times" he went on - I was married the second time today and 25 years from now I am going to ask Father Roy to marry us again! He also thanked all the speakers, "whose kind words have moved us very much."

"Everyone in this room has been a part of our lives," said Annette in adding her thanks to all their friends and relatives. "I married a good man for which I thank God," she concluded.

To conclude the dinner program the master of ceremonies read a number of congratulatory telegrams from many places.

Karl and Annette led off the dancing beautifully to the strains of "Anniversary Waltz," and a delightful evening of dancing, visiting and reminiscing followed. Many of St. Albert and district older families were represented.

All of Karl's family were present, brothers Joe, Walter and Ted and his sister Tony Gorka. Annette had five of her sisters: Yvette Tribiger, Pauline Schroeter, Claire Bonneville, Lena Lafranchise and Emilie Holt, and two brothers, Emile and Andy, able to attend.

Karl and Annette Hauptman join hands to cut the cake on the occasion of their 25th wedding anniversary celebrated January 15th.

Comets upset Stony Plain - chalk up 8th straight win

St. Albert Comets senior hockey club scored an exciting 4-2 win over Stony Plain Eagles Sunday night in St. Albert for their eighth win in a row.

The win moved the Comets into sole possession of second place in the nine-team Edmonton Central Hockey League, one point ahead of Stony Plain and eight behind league leading Fort Saskatchewan Huskies.

Comets have three games in hand on the Eagles and two over the Huskies who they will play Friday night in St. Albert.

St. Albert is looking towards a first place finish and a win over the Fort would be a big step. The clubs have met three times in league play with the Fort winning a pair of 4-3 overtime victories. St. Albert won the other contest 5-4.

Last Thursday the Comets travelled to CFB Namao for a game with the Trojans and came away with an easy 13-5 win as Rob Pearn and Bob Beaulieu scored three times each. Bob Foote chipped in with a pair while John Phelan, Brian Stevens, Dan Towpich, Dave Glasgow and Wally Monson added the others.

PERRY PEARN

Comets leading scorer Perry Pearn had an excellent night assisting on six goals. Pearn has 16 goals and 22 assists in 22 games and leads the club in all three statistics.

Sunday night in St. Albert, before a crowd of 200, Comets came up with another strong performance in their 4-2 win over the Eagles. The clubs have now played four league games and each has won twice.

Paul Fattjewski didn't wait long to start things off as he scored Comets first goal with just 30 seconds gone in the opening period. Perry Pearn set up the play.

With the clubs playing a man short each, the old veteran, Wally Monson, scored with a perfect wrist shot into the top corner of the net that Eagle netminder Randy Zaitz had no chance on. The goal came at 14:10 and gave Comets a 2-0 lead.

Monson has without a doubt the best wrist shot in the league and many a goalie has been handcuffed on his shot.

Chai Wolansky put Stony Plain on the scoresheet early in the second period only to see Dan Towpich give Comets a two-goal lead just before the second period ended.

Mel Gushatney put Eagles back in the game at 3:50 of the final period but it was their last scoring drive of the game. Doug Currie scored Comets fourth goal at 8:50 with Bob Foote assisting on the play.

Comets outshot Eagles 55 to 26 as they controlled the play for most of the game.

Zane Jakubec has been excellent in goal this season and has only allowed seven goals in his last four games.

two of which were shutouts over Sherwood Park and Barrhead.

ALL STAR GAME

The second annual all-star game was played in Fort Saskatchewan Friday night in conjunction with the "Stan Peck Appreciation Night" and team #1 won 7-5.

Comets placed defenseman Rich Perrault, Bob Beaulieu and forward Brian Stevens and Wally Monson on the winning squad and all four picked up points. Monson scored the goal while the others drew assists.

Stan Peck retired this year after being league president for 13 consecutive seasons and is the man responsible for producing what is probably the best senior league in Alberta.

Don't forget to be in the Arena this Friday at 7:30 p.m., for the all important game with Fort Saskatchewan.

PeeWee hockey team off to Quebec

By Larry Mitchell

The New Holland Balers pee-wee double B representative hockey team, under Coach Al Laplante, will leave Thursday, Feb. 5th to participate in the 17th annual International Pee-wee Hockey Tournament in Quebec City, Quebec.

The tournament is held in conjunction with the popular Quebec Winter Carnival.

The world famous tournament features teams from eastern Canada, United States and Helsinki, Finland.

A total of 103 games will be played in 10 days in the single knockout event and it will be run with five separate divisions.

Balers will be playing in "A" group which is classed as the second best.

St. Albert, members of the Kinsmen Minor Hockey Association get their first taste of action in the tournament in the 41st game on Sunday, Feb. 8 at 7:10 p.m. against Giffard, Quebec. Giffard is a suburb of Quebec, much like St. Albert is to Edmonton.

The game will be played in the Quebec Coliseum where the great Montreal Canadiens, John Beliveau was a national hero when he played with the Quebec Aces before turning professional in 1950.

Should the Balers win their opening game they will then see action in the tournament.

ment's 82nd game Thursday, Feb. 12 at 4:40 p.m., against the winner of the game between Beaconsfield and Jonquiere, Quebec.

Semi-final action will start at noon on Friday with the final scheduled for Saturday, Feb. 14 at 12:30 p.m.

The team will leave following the game for their return trip home.

Coach Al Laplante has moulded together a very complete and well disciplined squad and feels the key to their success is in the excellent goaltending of Ron Malo and John Sexsmith plus a fine defensive team led by Ken Myck and Scott Holliday.

He also feels he has plenty of scoring punch as the team presently leads the North Central Pee-wee League in every department. The team has an excellent record of 17 wins, two losses and a tie in 20 games.

The team is also the defending pee-wee champions of Alberta.

Tournament rules prohibit body checking and Coach Laplante thinks his club can adjust to this style of play. Two of the players, Ken Myck, 5' 11" (145 lbs.) and Scott Holliday, 5' 8" and 175 lbs., are exceptionally mobile for their size and may find it

a little different as they are used to the western style of body contact. Laplante has scheduled a number of exhibition games as well and it will give the boys some extra ice time to adjust their style of play.

The team will be billeted out at various French-Canadian homes where they will get an inside look at how this part of the country lives. The parents going on the trip will stay at the Chateau De Bonne Entente in Quebec City.

Good luck Balers and show the best in sportsmanship regardless of the outcome. All St. Albert will be wishing you well.

Chestphone

New Holland Balers pee-wee team that is taking part in the 17th annual Quebec Winter Carnival Hockey Tournament will be counting alot on the above four boys if they hope to bring home the crown. From left to right: Ken Myck, John Sexsmith, Ron Malo and Scott Holliday. Myck and Holliday will probably be among the biggest boys in the tournament while Sexsmith and Malo will share the goaltending duties.

JANITORIAL SERVICES

The Town of St. Albert is calling tenders for its buildings totalling approximately 25,500 square feet.

Tender forms and specifications may be obtained from the Town Hall, Grandin Road and Churchill Avenue, at the Building Inspector's office.

Tenders close February 20, 1976. Commencement of Contract will be March 1, 1976.

The Town reserves the right to reject any or all tenders and to waive formalities as the interest of the Town may require.

Good Luck to the St. Albert PeeWees in Quebec

Generals split weekend games before sell out crowds

By Larry Mitchell

St. Albert Generals, playing before the largest crowds in the St. Albert Arena this season (800) split their weekend series with Jasper Mountaineers.

Generals easily won the opener Saturday night with a 5-1 win but dropped the Sunday game by a 8-6 count even though they outshot Jasper 90 to 41.

As a result of the split, Generals failed to move into fifth place in the 11-team Central Alberta Junior Hockey League standings. Jasper remains in seventh place, losing 10-4 on Saturday and winning 7-4 Sunday.

Generals road trip this weekend sees them playing Hinton on Friday night and Jasper Saturday night.

St. Albert now has 15 wins, 12 losses and a tie in

Saturday night Generals took advantage of the long bus trip from Jasper and scored two late first period goals by Denis Gagne and Pat Frewer to take a 2-0 first period lead.

Chris Hoffart and Gagne's second of the game gave Generals a 4-0 lead after two periods of play that were completely dominated by St. Albert.

CHRIS HOFFART

Jasper finally got on the scoreboard early in the final period as Dean Caouette beat Generals' Norbert Schulz at the 5:40 mark.

Hoffart, Generals' best all-around defenseman scored his second of the night in the period to give St. Albert a well deserved 5-1 win.

Jasper took 13 of 24 penalties including eight in the opening period.

The largest crowd of the season (331) paid attendance watched the game and were treated to some excellent

action that only juniors can produce.

Following the game a number of the Generals got lost on their way home and finally found their way to a little spot on Sunset Blvd., where there just happened to be a wet party going on.

One little snort led to another and by the time some of the players retired for the night they could have taken on Montreal Canadiens.

It wasn't hard to tell the Generals weren't in too great shape for Sunday afternoons game and Jasper took an early 3-1 lead by the 15:16 mark of the opening period.

Two late first period goals by Ian Langridge and Scott Ballentine's second of the game salvaged a 3-3 tie for the Generals.

Both clubs took advantage of some glaring defensive mistakes to score three goals each in the second period, going into the third period tied at 6-6.

Jasper scored the only two goals of the period to win 8-6 before a large crowd of 400 people, a good many from Jasper.

Ironically, Generals even though a number of players had terrible performances, outshot the Mountaineers 80 to 39 but couldn't find the net when it counted.

Terry Lee was the big Jasper scorer with five goals and an assist with goalie Paul O'Neil coming up with a super job between the pipes.

Scott Ballentine was St.

Albert's best player by far and scored a pair of goals.

SCOTT BALLENTINE

The officiating of the head referee left a lot to be desired on both sides of the fence, especially in his ejection of General goalie Ralph Chambers at 7:04 of the second period.

Jasper had been called for tripping and while Chambers was racing to the Generals bench for a sixth attacker, he was speared by a Jasper player. As is usual the referee somehow missed the

speare but had no trouble seeing Chambers (6' 3") administer a good licking to the Jasper player.

As a result Chambers was assessed a five minute fighting penalty and a game misconduct for leaving his

crease to enter a fight and was thrown out of the game.

Generals next home games are scheduled for February 14th against Grand Centre and February 15th with Edson.

Balers finish first - lose final game

St. Albert's Pee-wee "BB" Balers played their last regular season game in St. Albert on Saturday. The Balers, who have first place locked up in the North Central Pee-wee League, came up a little flat. Ardrossan was up for the game, as they needed a victory against the locals to have a good chance of finishing second, ahead of Sherwood Park.

Ardrossan outscored the Balers 5 to 3 and gave the Balers their second loss of the campaign. Balers goals came from Ricky Gray with two and Brad Hammett one. Assists went to O'Neil Hammett, Laplante and Sander.

The Balers now have a very busy schedule as they depart on Thursday morning for the Quebec Winter Carnival Hockey Tournament as well as starting their regular playoff series toward the provincial championship.

Bantam Canucks split weekend games in Jasper

The St. Albert Canuck bantam A's travelled to Jasper on the weekend of January 31 and February 1 for the wind-up of that town's minor hockey week.

Saturday's game was an 8-5 win for St. Albert. First star of the game was Jasper player Jeff Young, second star St. Albert player Ken Frier, third star St. Albert player James Enson.

Sunday's game with the Jasper Bearcat bantams was an 8-2 win for Jasper. First star of the game was Jasper player Tom Ward, second star St. Albert player Hugh Edmundson, third star Jasper player Gerald Ward. Each star received a silver dollar.

St. Albert Canucks players travelling to Jasper were: Hugh Edmundson, Jim Sawchuk, Blain Muzichuk, James Enson, Dale Kowalchuk, Rick Mann, Chris Simpson, Duane Kowalchuk, Harold Brubaker, Barry Thachuk, Ken Frier, Bruce Roy. Coaches: George Amyotte, Denis Crough and Jim Pierce.

At this time the entire Baler hockey club would like to express their deepest appreciation for the tremendous response to their fund raising activities towards the Quebec trip. At this writing almost all monies are in and

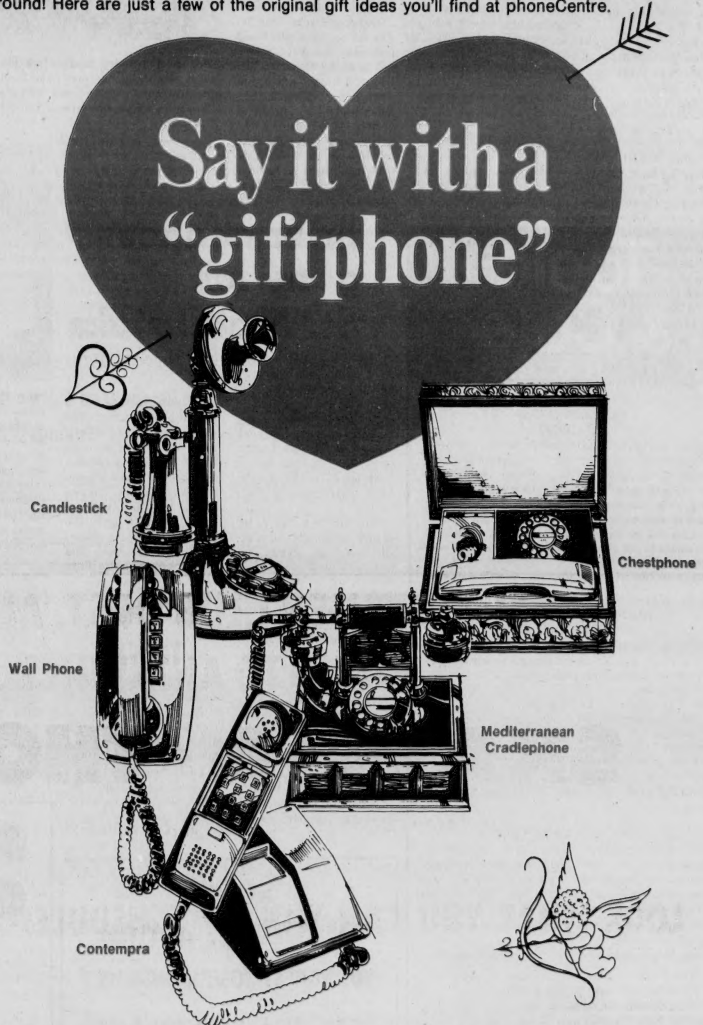

the boys are ready for the trip. Again we say thanks to the entire committee, the team members, coaches,

manager, and especially all those who donated their time and money to make the objective needed.

We know that all Alberta will be behind the boys in Quebec and hopefully they can come home a winner.

Fancy phones, fun phones, fashion phones your Valentine will love!

Pick an excitingly different Valentine's gift. A giftphone lets you dial your love all year round! Here are just a few of the original gift ideas you'll find at phoneCentre.

Give a unique Valentine's gift that's both beautiful and practical — a distinctively-styled telephone from phoneCentre! A galaxy of colorful "giftphones" are displayed. Make your selection — take it with you — and plug it into one of the special jacks installed in phoneCentre area homes. Making the connection is that easy! If your home is not in the conversion area, the same phones you see at phoneCentre are available from your AGT business office for installation as extension phones.

GIVE COLOR! GIVE CONVENIENCE!

St. Albert Recreation Report

From the St. Albert Parks and Recreation Department

25¢ for children, 50¢ for students and 75¢ for adults.

SQUARE DANCING

The Saints and Sinners Square Dance Club will be dancing Saturday, February 7 at 8 p.m. in Sir Alexander Mackenzie gym. All intermediate square dancers are welcome. If further information on the club is required, contact either Sid Deguire (459-7466) or Mr. and Mrs. Ward (475-6438).

PUBLIC SKATING

During the teachers convention, the arena will be open for public skating on Friday, February 13 from 9:30 a.m. to 11 a.m. Cost is

PUPPETRY WORKSHOP

Registrations are being accepted for children 6 - 12 years of age to take a one-day puppetry workshop. This workshop provides instruction to the children on the making and presentation of hand puppets. Instructor is Mrs. G. Davis. Workshop takes place at the Arts Centre, Room 7, on Saturday, February 7 from 9:30 - 12 and 1 - 4:30. Cost is \$5.00.

OIL PAINTING CLASS

Due to the demand, there will be an extra beginners oil painting class on Wednesday

evenings from 7 - 10 at the Mission Clubhouse. Anyone interested in registering, please phone the Town Hall (459-6601) or come in person. Cost is \$10.00. A list of supplies will be available, and will cost about \$20.00.

WEAVING LECTURE

The weavers of the St. Albert Arts and Crafts Guild invite any interested people to hear Pirko Karvonen. Mrs. Karvonen is an Edmonton weaver of some repute. She will be showing slides of various weavings and will bring some samples. The lecture will be at the Arts Centre, Room 7, Friday, February 6 at 8 p.m. Admission is \$1.00.

After school on Friday, January 30th, the eight young ladies pictured above competed for the honour of representing Lorne Akins Junior High in the Winter Carnival Queen Contest. They are, from left to right: Sherri Barkhouse, Leanne Ryder, Pat Saunders, Queen Bonnie Cinnamon, First runner-up - Lauri Root, Lauri Roode, Sandra Davis and Michele Christensen.

MLA Ernie Jamison drew the winning ticket on the micro-wave oven raffled by the Pee wee Balers Hockey Club at their bingo held January 27 in the Community Hall. Hank VanLeersum of Finch Crescent was the winner and manager of the team, Bill Sexsmith, looks on at right. Second prize of \$50 went to Larry Mitchell, Salina Drive and Diane Doolan, Greystone Cres. won \$25 for third prize. The oven was donated by Art Holliday and the raffie and bingo wound up the fund raising activities for the team which leaves tomorrow for the International Pee wee Tournament in Quebec City.

Brier chances gone for St. Albert rinks

Some tough competition put St. Albert's two hopefuls out of contention for this year's Brier. Going on to compete in the Alberta finals in Calgary from Northern Alberta will be Jack Isaman from the Granite, Kenny Ursuliak of the Shamrock, and Tommy Kroeger of Consort.

Hec Gervais came up against Al Schiewe of Ellerslie in his first game, and was defeated 8-4 after coming up short on two draws in the 10th end. His next game against clubmate Bob McMaster on Friday wound up in a tight extra end match, with McMaster coming out on top 8 to 7. In the 13th end, Hec froze his first stone against a McMaster rock which was in the four-foot. McMaster cleared the house with his first rock, leaving one out in front. Gervais buried his last rock behind the guard, leaving McMaster with a tough shot. However, Bob McMaster,

curled around the guard to tap Hector out of the Consuls.

Bob McMaster lost out in his next game against Dean Jacula of Vermilion, 11 to 4. Jacula started the counting in the first end but McMaster came back into the second with two counters. Then in the fifth end, Jacula clicked to take 5, and later in the ninth scored three more, which after one more end concluded McMaster's Brier chances for this year.

AROUND TOWN

Seven straight victories won two local curlers, Don Mitchell and Ken Love, a black and white television set each in the Cold Lake Men's Open Bonspiel, which was held over this past weekend. The rink was skipped by Brad Hannah of Edmonton, and Don McKenzie, also of the city, played the lead spot.

Ladies hold annual bonspiel

Thirty-two rinks entered this year's bonspiel which took place on January 27 and 28. Tuesday night, the ladies helped themselves to a delicious smorgasbord, while the Marilyn McDonald and Leona Martineau rinks provided excellent entertainment. Joyce Shermak, of Sherwood Park, skipped her

rink of Irene Kenyon, Esther Spracklin, and Gloria Erickson to first place in the A event. Second place was taken by Bernie Cook, third place by J. Theophile, and fourth spot was won by the B. Porowski rink.

In the B event, Tex Johnson's rink of Irma Bunn, Verda Halwa, and Laverne

Hutcheon captured first place, while Ruby Shanley's rink took second. In third place was Nancy Whalen and fourth went to Vi Tetreau.

Dorothy Goulet, Bev Cameron, Sybil Nicol, and Jackie Reid beat out the Gwen Peuch, Sheila Chapman, and Lynn Johnson rinks, to come out top in the C event.

Barons face the Fort in first place race

St. Albert and Fort Saskatchewan, the sole contenders for first place honours in the Central Alberta Midget Hockey League, will place it all on the line Thursday at the Arena.

In a game that will probably determine which teams emerges on top in the eight-team league, and wins the extra home game in the following playoffs, the Sportsouth Barons will meet the Fort's J and M Midgets 7:30 p.m.

St. Albert, by virtue of two wins and a tie on the weekend, hold a four-point lead on the second place Fort. But the two teams have two scheduled games remaining against each other.

St. Albert needs at least one win to virtually clinch the league pennant won last year by the Fort.

The Barons, playing three games in three nights this past weekend, boosted their record to 15 wins, 5 ties and one loss when they downed Leduc 9-6, trounced Ponoka 9-2, and played to a 6-6 tie with Camrose.

The Barons looked headed for a sure victory over Camrose as well, but the hometown Legionnaires took advantage of seven straight St. Albert penalties in the last 12 minutes to rap home three goals and emerge with a tie.

The Barons jumped into a 3-0 first place lead in Camrose Sunday, and had a fourth goal disallowed when the referee ruled it was kicked in.

They started out strongly in the second with a goal midway through the period and what appeared to be a convincing lead, but Camrose rebounded with two tries in the final four minutes to narrow St. Albert's lead to 4-2 heading into the final 20 minutes of play.

Graham Brown with two goals, and Don Ouellette and Ken Strand, each with a goal

and two assists, paced the Baron attack. Singles went to Rick Kewray and Murray Riddell.

The Barons really felt the sting of the referees in the third period, taking eight minors and a misconduct to Camrose's single minor.

The Barons played two and three men short for six minutes midway through the period, but while playing 5-3 they only gave up one goal.

However St. Albert got caught with four men up in the win with just 35 seconds remaining in the game, and it cost them dearly as Camrose broke out and it was in the net past goaltender Dennis Lafleur before most St. Albert players had returned to centre ice.

Saturday in Ponoka the Barons had a tough time beating the Lions' goaltender Marc Barbey in the first period, managing only to dent the twine twice for a 2-1 lead.

But four unanswered goals in the second period broke the game wide open and St. Albert outscored the hometown Lions 3-1 in the final 20 minutes for their fourth victory in four games over Ponoka.

Paul McCann's hat-trick and an assist sparked the Barons attack, while defenceman Darrell Bokenfohr added two. Singles went to Dale Malanchen, Graham Brown, Blaine Galbraith and Gilbert Longpre.

Longpre also collected two assists, as did Don Ouellette and Larry Sander.

The Barons took nine of 20 minor penalties.

ROUGH PLAY IN MATCH WITH LEDUC

Friday's contest at the Arena, in which the Barons jumped into a 7-2 first-period lead over Leduc on the strength of four powerplay goals in slightly more than three minutes, was a penalty

studded affair which saw four players ejected.

Leduc lost three players -- two for highsticking and another for spearing, while St. Albert's Ron Sander was ejected for highsticking midway through the second period and served a one-game automatic suspension.

Paul McCann again scored twice and missed a hat trick when he walked in on an open net after beating Leduc's netminder midway to the blueline, only to hit the side of the net.

Graham Brown collected a goal and two assists for the hometown Barons, while singles went to Darrell Bokenfohr, Blaine Galbraith, Real Huot, Dave Shipanoff, Ken Strand and Rick Kewray. Dale Malanchen picked up three assists.

Thirty-two penalties were called in the game, 15 to St. Albert.

The Barons, who have once again regained their potent powerplay which was averaging four goals a game before Christmas, scored four times in just over 100 seconds two-thirds of the way through the first period, when Leduc sat out a five-minute major.

The Barons now have seven games remaining in league play, and as well as playing host to Fort Saskatchewan Thursday, St. Albert also hosts Stettler 4:30 p.m. Saturday.

Condominium tax report out

St. Albert town council received a condominium taxation report at its regular meeting last Monday night.

A copy of the report will go to the heads of condominium properties in Ridgewood Terrace, Grandin Villages One and Two A and also Greenfield Estates. About 461 condominium owners are represented by the condominium authorities.

A copy of the report has also been earmarked for the St. Albert Library and council last Monday night said that it would be willing to meet with condominium owners if they want to make representations.

A letter sent to the town by owners of St. Albert condominium units May 15 last year complained that the same rate of tax was levied on both detached dwellings and condominium units - but that a "substantial disparity" existed between the levels of services provided the two types of residential property.

There were also complaints that the owners did not receive the same treatment as regards "street cleaning, snow removal, street lighting and other services provided to detached dwellings."

Examples given in the report show a single family dwelling in Forest Lawn assessed at \$532 in 1974 tax values, the same rate being \$476 for a unit in the Ridgewood Terrace development.

The report also points out that the 1975 rate is \$525.37 and not \$575 as quoted in a newspaper article.

A comparison is also made to similar Edmonton condominium projects.

The report says that St. Albert taxes are higher than Edmonton's for school and municipal purposes. The reasons for the higher taxes in St. Albert are that it is the residential property that carries the full burden of financing municipal services and high standards. "For example, standards would appear to be the reason the Grandin Village condominium fees are higher (than Edmonton's) a condominium

unit in Edmonton not having similar facilities."

The main bone of contention with the condominium owners is not the high taxes but the lack of services.

The report gives budget estimates for last year "in respect to the services of which it is complained condominium properties are lacking in." These are: \$16,335 for street cleaning, \$130,709 for snow and ice removal and \$112,624 for street lighting.

It is pointed out that sewer maintenance costs are borne out of the service charge and no portion of any costs are provided out of taxation.

The report goes on to say that condominium owners contribute a very small amount in general to maintenance items such as snow removal, street lighting and so on. Proportionately, they contribute less than other residential properties "to the whole spectrum of municipal services."

Unique bonspiel coming to city

Eighteen winners were drawn yesterday in the Early Bird draw for the Super Draw Cash Bonspiel at Edmonton Gardens from April 7 - 11. St. Albert MLA Ernie Jamison drew the names of thirds, seconds and leads for six of the leading skips entered for the event - the first of its kind in Canada.

Her Gervais, one of the organizers and a skip taking part, talked to the media people about his feelings on how the "sp'right month will out, with everybody curling for the first time with his team mates. He felt that after completion of the first draw the curling will probably become highly competitive and exciting for both curlers and fans.

Curlers right across the country may enter their names to curl with a champion skip and, if they are drawn, get a chance to play. Winners receive an all-expense-paid air trip to Edmonton with the assurance of three games with and against the greats of curling. They will also be eligible for a chance at \$25,000 in cash prizes.

Curlers drawn this morning were from B.C., Ontario, Saskatchewan and New Brunswick and were advised of their win by telephone.

There are still 78 entries to be drawn and all entries received except the 18 drawn yesterday will remain in the draw. Entries have to be in by midnight, March 18, and the balance of the winners will be drawn March 19.

Running in conjunction with the bonspiel will be a special event for the skips only. For this contest each skip will rotate in eight-end games, two ends in each position, to decide the best all-skips rink. A lot of front end curlers will enjoy seeing the sweeping in this event!

St. Albert couple exchange vows

MR. & MRS. DAVID TAILBY

Kirk United Church, Edmonton was the scene of a pretty, late afternoon wedding, December 6, 1975, which united in marriage Kirsten Thomsen, youngest daughter of Mr. and Mrs. J. K. Thomsen of St. Albert, and David James Tailby, son of Mr. and Mrs. J. W. Tailby, also of St. Albert. The Rev. Dr. Edward Schwarz, a close friend of the bride's family officiated.

Given in marriage by her father, the bride wore a floor length gown of crystal sheer, which featured a high neckline, lantern sleeves and a cathedral train, the bodice and sleeves were trimmed with Belgian lace. A French illusion veil was held in place by a Juliette cap. She carried a bouquet of yellow roses and friesias and white baby's

breath.

The maid of honour was Birthe Thomsen, Kirsten's sister, who wore a yellow gown with a short lace jacket, she carried a bouquet of white daisies and friesias.

The groom was attended by Mr. Hugh Hopkins, and both wore brown suits and ruffled shirts.

For her daughter's wedding Mrs. Thomsen chose a long sleeved ecru gown, trimmed with white embroidery and a yellow cymbidium orchid corsage. The groom's mother wore a high necked light blue gown and a white cymbidium orchid.

Following the wedding a reception was held at Paul's Place where Mr. Ole Thomsen, brother of the bride was master of ceremonies. Mr. Peder Engelbreksen a long

time friend of Kirsten's family proposed the toast to the bride. The head table was centered with a traditional Danish wedding cake decorated in yellow friesias, white daisies and yellow satin ribbon.

Later in the evening the

guests danced to the music of the Hugh Parsons Trio.

Out of town guests came from Calgary, Edson, Grand Cache, Vermillion, Chilliwack, B.C., and Millet.

A telegram was received from Capt. and Mrs. Wayne Dehnke of Calgary.

Six courses being offered

Six courses are still being offered in February which inadvertently were not included in the blue brochure sent out by the Parks and Recreation, under the administration of the Further Education Council of Saint

Please indicate your interest in the following until the 12th of February, 1976:

Histoire de l'Alberta, instructed in French by Dr. E. Drouin. Call Mrs. Lefebvre at 459-7030.

The Land of the Mighty

Rivers, by Dr. Chalmers. Call 459-7030.

Yesterday the Sun was Shining by Dr. Chalmers at same number.

Cree language for beginners, contact Mrs. Mayling, 458-0906.

Beginners French and 2nd course, Mrs. Gravel - 459-6293.

Should you be unable to contact the above, you are asked to contact the Parks and Recreation Department at 459-6601.

What's on

The Women's Committee of the Edmonton Symphony Society is holding a concert preview February 13 at 9:30 a.m. in the Edmonton Public Library.

The preview will examine the concert to be held February 14 and 15 in which Christian Ferras will play the violin concerto by Mendelssohn.

Also to be examined in the preview is the Overture in D by Schubert, Tzigane by Ravel and the Pastoral Symphony of Beethoven.

There is also a discussion February 12 at the library called "Snacking on the run." These sessions begin in the Edmonton Room of the Central Library at 12:15 p.m. and in the Dickinson Library at 8 p.m.

February 7 at 2:30 p.m. there will be a concert in the Music Rooms of the Central Library. The program will consist of piano and flute music played by Michael Massey and Alan Clarke.

February 14 the Audio-visual department of the Central Library will present the first of two film series in the Central Library theatre.

The film that day at 2 p.m. will be the "Incredible Shrinking Man."

Admission to all the above programs are free and all the public are welcome.

Council Briefs

Following are some of the highlights from the regular meetings of St. Albert council last Monday night. Mayor Dick Plain was in the chair and all councillors were present.

THE TOWN OF ST. ALBERT has plans for disaster analysis study this fall. The study will be federally sponsored.

Announcement of the plans came after Councillor Frank Lukay gave a report from the Emergency Planning Canada conference Jan. 26-29 at Arnprior, Ontario. That conference gave mayors and municipal officials across Canada the chance to prepare themselves for doomsday should that day ever dawn.

It was all a question of being prepared according to Coun. Lukay.

"If disaster struck, we wouldn't want the criticism that the municipality wasn't prepared," said the councillor.

Within recent years there have been two mock disasters in St. Albert, one a simulated explosion, the

other a hospital emergency.

In his report, it was pointed out that the threat of nuclear war was less than heretofore, but that communities should nevertheless prepare for such an eventuality.

The aim of the conference was to help communities across Canada set emergency situations.

The key to successfully handling disasters was to preserve lives and property using local resources. Also making sure that civil government functions continued and that there were enough resources to meet the crisis in the community.

It was pointed out to council that in the event of nuclear war, control of emergency planning would be a Federal responsibility.

COUNCIL DISCUSSED an offer to purchase 10 acres of land from RGM Realty. The land may be used for multiple family residential development. Description of the land is Lot 1R, Block 11.

There was agreement in principle that the land be developed as R3. However Councillor Barry Breadner said he was not convinced that the development would be to St. Albert's advantage. He was against dense utilization of land in such a development.

COUNCIL CARRIED a motion that it proceed with an advertisement for a youth worker.

A REQUEST FROM Ed Terrier of Terrier Marine-lane to have a helicopter landing pad at the rear of Marineland on 184 St. Albert Road will get further study from council.

Councillor Margaret Smith wanted a study done on potential noise nuisance before any decision and Councillor Barry Breadner insisted on a report from the Ministry of Transport. Councillor Frank Lukay's concern was that if the town granted landing rights, certain clearances might be required.

COUNCILLOR ROD THRONSDON tried to solve the Gordian knot at council as it considered whether to give a permit to Mrs. Judy Larsen who is sponsoring possibly five fabric sales in the United Church basement this year.

He said if the town didn't have regulations on this, then she should have been given the permit.

Mayor Dick Plain wanted to protect established businesses in town and hedged on granting the license. He felt that St. Albert might ask the Chamber of Commerce for input on this problem. A referral motion on the problem of business licenses was carried by council after brief discussion on the item.

COUNCIL GAVE THIRD reading to bylaw 37/75 rezoning four lots of land between Muir Drive, St. Vital Avenue and the Trail from Highway Commercial to Central business commercial.

A traffic report from Ken Foster of Grimsby and Associates indicated there would be no more than 500 car movements generated by the proposed development a day at the ingress and egress point on Muir Drive. These movements would be split to 250 in either direction.

COUNCILLOR ROD THRONSDON gave notice of motion that council consider an alternate site for the proposed shopping centre. Mayor Dick Plain, after meetings with Abbey Glenn officials recently, said a report would be coming back to council. The deadline for reaching the agreement expired January 31.

The mayor was not prepared to give any definite comment on the talks with Abbey Glenn officials who had been dealing with "certain proposals based on financial positions."

MAJOR DICK PLAIN said in answer to a question by Coun. Thronsdon on an ambulance service for St. Albert that the item would "definitely come to budget." Coun. Thronsdon said a number of letters had been sent to the town from interested parties and wanted to know why they had not been answered.

St. Albert High Soundings

By Jeannette Kathol

Students are back in school again for a number of final exams and/or semester break. The province will be sending out the final transcripts of marks in two weeks or so.

DANCES

The Pitch dance planned for Friday, January 23 was cancelled because the band that was supposed to play broke up. There may still be a dance some other time. The Morinville dance also planned for that night was postponed till a later date. The dance at the Community Hall on January 23 was unfortunately not well attended, even though the band, Glyder, was supposed to be very good.

Coming up this weekend is the Baron's - sponsored dance on Friday night, February 6, at the Community Hall. Shadowfax is playing. Come out and support this hockey team's effort to get to Quebec.

BASKETBALL

On Friday, January 23, the Edmonton Eskimos came out to play our boys' team. It was a very entertaining game, especially with five extra cheerleaders helping out the regular squad, and it was very well attended. The final score of the game was 99-60 for the Eskies. On Friday the 30th, our boys' team played a very close game against Paul Kane, losing by a bare 40-38. Meanwhile, the girls were in Drayton Valley for the week-end, playing in the annual invitational tournament. They placed third of eight

MOVERS

Movers had a hay ride on Sunday, February 1. The 25 participants rode around the Bellerose farm in a horse drawn cart. Unfortunately, the last half-mile had to be walked because the cart had a flat tire. On Valentine's Day, February 14, Movers are sponsoring a dance in the Parish Hall with Deep Creek playing. They are also planning a youth hostel trip to Athabasca Falls the following weekend.

CURLING

The curling season for our junior and senior teams is pretty well over. Both teams did well, making the playoffs but losing their final games. The Thursday-Friday league between Paul Kane and St. Albert High is still on. Bernie Hartmetz is in first place there.

PITCH

Pitch held a fund raising chocolate bar drive in Sherwood Park on Monday and Tuesday nights, Feb. 2 and 3. They will be having a private pizza party when all the bars are sold. In addition to their Quebec tour in June, Pitch will be touring Slave Lake, Peace River, and Grande Prairie in May.

TOWN CARNIVAL

The various clubs of St. Albert are co-operating to put on a Snow Carnival in the second week of February. St. Albert High is participating by having a float in the

parade Friday night, Feb. 13, by entering the Ice Sculpture contest, and by nominating a candidate for the carnival queen contest. Our contestant this year is Susan Bailey. On Saturday night, February 14th, at 7:30, there will be a hockey game at the Arena between St. Albert High and Paul Kane. Following that is a skating party on the river, where there will be music and concessions.

SCHOOL CARNIVAL

Our Students' Union is also sponsoring a winter carnival for the students and staff of the school. There will be a carnival dance on

Monday night, February 9, at the Club Mocombo. Sylvester Stretch is the band. The next day, carnival activities start off at Lion's Park with a pancake breakfast. Following that are a tug o'war, snowshoeing races, log-sawing and nail-pounding contests, score and hockey showdown, to be races down the Seven Hills, and various hockey games between the girls, boys and teachers. There are many worthwhile prizes for all activities. In addition, seven girls and seven guys will be selling tickets, trying for the title of 1976 Carnival King and Queen.

from the
Mayor's office

Recreation and cultural facility planning

The recent lack of support of the money bylaw designed to provide multi-purpose recreational and cultural facilities for St. Albert residents suggests that a careful appraisal of the economic feasibility of various alternative facilities and sites should be carried out. The council is in the process of initiating the procedures necessary for carrying out such a "grass-roots" consultation. It is hoped that the steps that will be followed in carrying out this appraisal will be established and finalized at the joint meeting of the Parks and Recreation Board and the council on February 11, 1976.

The final decision regarding the type, location and quantity of facilities which will be provided in St. Albert rests with the local government. This decision is based on recommendations received from the Parks and Recreation Board, and careful analysis of the economic viability of various alternatives. The important point to note is that the decisions made with respect to recreational and cultural priorities by the Board and the council are directly dependent upon the quality and quantity of the input that they receive from the people in the community. If a representative cross-section of the St. Albert population does not make its views known, the decision-making group will not have the degree of understanding needed to formulate propo-

sals which are acceptable to the majority of the population.

In my opinion it is absolutely essential that all of the interested people and groups in the community should make their viewpoints known to the Parks and Recreation Board and council at the earliest possible opportunity. These viewpoints should be made in written form in order to eliminate the ambiguity and confusion that arises from receiving a multiplicity of oral presentations.

In conclusion, there is a great need for recreational and cultural facilities in this community; however, the total of all the "needs" far exceeds the community's economic capability to pay for these facilities. Therefore, we must establish our priorities and very carefully examine the economic consequences of the alternatives (facilities and sites) which are set forth. The end result of this process is that a portion of the residents will not be happy with the compromises which the council has to make in matching needs with economic reality or with the fact that certain proposals cannot be undertaken in the foreseeable future. It is suggested that unless there is a general acceptance of the fact that a number of well-defined recreational and cultural needs cannot be met that insufficient support will be forthcoming to pass the needed money bylaw.

St. Albert Safety Council

There was little new business to discuss at the St. Albert Safety Council meeting held on January 27, and chaired by Betty Pimblett, vice-chairman in the absence of President Stan Mill.

The defensive driving course for February will be held on Wednesday evenings -- information on dates, location etc. not yet available. It was noted that the January course was poorly attended

by comparison with previous classes, and it was felt that in future the course should be omitted in January.

The St. John's Ambulance First Aid course is ready to go, starting February 11 at

Grandin Clubhouse.

HELMETS FOR UNORGANIZED HOCKEY

A request had been

received that the Safety Council promote the wearing of helmets by all children playing recreational hockey. Those playing organized games already do so, but there are many children of all ages playing just for fun. The Safety Council heartily endorses this request, and feels that no child should be on the ice, playing hockey, without a helmet. One hard-flying puck, one bad fall, is all it takes to have a child dead or disabled for life.

Albert, but more yet are needed.

PEDAL PUSHERS

There was some preliminary discussion on this although the course will not be put on before May. Parents are reminded that a large number of parent volunteers will be needed in order to put this program on for the children.

RCMP -- OPERATION CRACKDOWN

BLOCK PARENTS

St. Albert co-ordinator, Lawrence Johnson, has been helping to set up the program in Bon Accord. There has been a good response, and the Bon Accord group thank St. Albert Safety Council for their help. A similar program is now being set up in Morinville.

There are still new applications coming in in St.

St. Albert Safety Council commend the RCMP on their Operation Crackdown, scheduled for the month of February, and wish them success in removing a few of the hazards from our roads.

Are you a one-eyed monster? Do you drive defensively?

Next meeting - Tuesday, February 10, 8 p.m. at Robert Rundle School.

Recreation issue quietens down

There will be no more public input meetings on proposed cultural and recreational facilities for St. Albert till the problem has been discussed with the town Parks and Recreation Board.

Those discussions are expected to be held at a February 11 meeting with the Parks and Recreation

Board. Mayor Dick Plain has considered several alternatives for the future of recreation in St. Albert. Particularly since the people voted against a \$5.3 million recreation facility at a plebiscite last month.

"Things are now in a quieter setting," the mayor

said, "we are back at square one and will get (business) done as expeditiously as possible."

The mayor added that it might be another nine months before the recreation business was completed.

Councillor Barry Breadner said that he supported the

move to try again for a package on cultural and recreation facilities.

Councillor Frank Lukay said it would be best to start with the Parks and Recreation Board "now" and it was also important to start out with sufficient direction in economic planning.

Councillor Myrna Fyfe termed the public input meetings a source of frustration. "As far as meaningful input, we'll have to go some other route," she said. However she said that public meetings did serve for information, but otherwise she doubted their value.

Councillor Margaret Smith said she wanted accurate costing of alternatives for recreation facilities, as well as information on government grants. She agreed that the Parks and Recreation Board should be consulted with first. After that council could glean the desires of the public from future hearings.

Councillor Thronson still expressed his support for the preferred location and composition of recreation facilities.

And he wanted to have more contact with the people of St. Albert in their fight to get suitable recreation facilities for the community.

Craft Guild changes

The St. Albert Arts and Crafts Guild is undergoing a change. For the past 15 years, craft classes have been organized through the Guild. This January the Guild asked the Town Recreation Department to take over this growing task. Now the Guild will be able to do other aspects of Craft Enrichment.

To help us get some new directions, we want your ideas.

Would you like to get more involved in a craft organization?

Would you like some form of regular gatherings?

Are you interested in craft shows and exhibitions?

What about a craft outlet? Are you concerned about

quality of classes and instructors?

If you have some thoughts

let us know at the Craft Guild, Box 5, Recreation Department, Town Hall.

The Book Nook

News from the St. Albert Public Library By Margrit McCreath

For an hour of fun, stories, songs and films bring you four and five year olds to the St. Albert Public Library for Story Hour. Sessions will begin again next week on Tuesday, February 10 at 10 a.m., and Thursday, February 12 at 10 a.m., respectively. Your child may come to whichever morning is more convenient. There will be 12 story-hours for each group, so they will run

until the last week in April. To alleviate large numbers of children at story hour, would you please register your youngster at the main desk at the library by next Tuesday. There will be a limit of 20 at each of the two mornings.

Nickerson

News

The Leo Nickerson PTA hosted a very successful Meet Your Neighbour Night on Wednesday, January 28. Approximately 50 enthusiastic parents and teachers met to discuss hopes and plans for the neighbourhood. For many, the evening served as an introduction to new acquaintances.

The PTA will hold a follow-up meeting in the near future the date of which will be announced in the Gazette and the Nickerson Newsletter to parents. An article covering the details of Wednesday's meeting will be in next week's Gazette.

Edwards - Nuttall wed in United Church

In a lovely candlelight ceremony on September 27 Shawn Nuttall and Cst. Jim Edwards were united in a double ring ceremony. Shawn is the daughter of the late Mr. and Mrs. Tom Nuttall and Jim is the son of Mr. and Mrs. Robert Edwards, all of St. Albert.

The wedding took place at the St. Albert United Church with Rev. Leonard Musto officiating. The wedding music was played by Mrs. Lillian Upright.

Escorted down the aisle by

her uncle, Mr. Frank Garnet, the bride was radiant in a full length gown of white satin, made by the bride. The gown featured a long train, and full sheer sleeves. She carried a bouquet of red roses and baby's breath.

The maid of honour was Miss Deb Wahl, bridesmaids were Miss Deb Yates, Sandra Nuttall, Terry Nuttall and flower girl Megan Hogg. They wore long gowns of soft yellow and carried sprays of yellow and red baby roses.

The groom was attended by Constables Bruce McRae, Ev. Summerfield, Curtis Horton, Bernie Smith and Frank Boyle. Ringbearer was Scott Venne. All the groom's attendants wore their red sashes. Ushers were Bob Wallis, Craig Neeser, Dan Ekert and Don Edwards.

During the signing of the register Mr. Richard Leggett sang and was accompanied by his son Steve on guitar. Friends of the bride also sang.

Following the wedding ceremony a dance was held at the St. Albert Community Hall. Master of ceremonies was Craig Neeser. Toast to the bride was given by Casey Anderson.

Out of town guests were from Bassano, Nanton, Calgary, Blackfalds, Kamloops, B.C. and Trail, B.C.

Cst. and Mrs. Jim Edwards will be making their home in Kamloops B.C. where Jim is currently posted.

CST. & MRS. JIM EDWARDS

ERPC encourages high rise offices in St. Albert

Edmonton region planners are considering the option of encouraging the construction of high-rise office buildings in St. Albert and other suburban communities.

Virtually all future com-

mercial high-rise development would be compelled to move to these areas says an Edmonton Regional Planning Commission report, just released after four years of

study.

Barry Clark, who heads a 12 member growth studies team of the ERPC says that such decentralization has much in its favour.

*It presents an alternative to over-centralization which leads to dehumanization and social problems.

*Provides job opportunities close to home. Many St. Albert residents are professional white collar workers who must drive to Edmonton.

*Controls traffic problems and road building costs.

*Leads to energy savings by commuters who must drive miles a day in stop go traffic.

*Lowers the cost of office building construction because land in suburban areas is less expensive than downtown real estate.

*retain its character as a clean, middle and upper income residential area.

"Our approach is a positive one," said Mr. Clark. "We won't say no growth will be allowed anywhere. Instead, we can encourage new growth to move to certain centers by providing better service in those centers."

The ERPC growth team will present several possible alternatives for growth to the public this fall. After a series of public meetings and input from local councils, the ERPC will choose one of the alternatives by the spring of 1977.

Its future policies for the region will be guided by that choice.

LIVING & WORKING IN ST. ALBERT

Barons working hard for eastern trip

St. Albert's midget representative team, the Sportshop Barons, has concluded a door-to-door blitz in St.

Albert to sell Alberta Heritage Books. The five-book series, published by Calgary Power,

raised \$1,600 for the Barons, who depart early March 26 for Montreal for a 10-day cultural and athletic trip to

that city, Sherbrooke and Quebec City.

In addition, the provincial government has announced it will make a \$450 grant available to the club to defray air expenses of almost \$4,500.

The town of St. Albert is considering an application by the club for additional financial assistance.

The club has also scheduled two fund raising ventures for this weekend, with a beerfest at the Community Hall Saturday sold out.

A teen dance was held at the Community Hall Friday.

The club received a \$200 donation recently from the St. Albert Kinsmen Minor Hockey Association, and a \$100 donation from the St. Albert Dairy Queen. The St. Albert Knights of Columbus have announced they intend to make a \$100 contribution to the club, which is operating on a \$7,500 budget.

At least one additional major fund raising project is proposed for early March and team representatives will be approaching businesses in Edmonton and St. Albert to outline plans for a

auction sale.

The representatives will be soliciting possible gifts to the club -- from a gallon of paint to carpet for the house -- and all contributions will be acknowledged.

Interested businesses who might be missed in the canvass but would be willing to assist the team are asked to contact Jim Harmon at 459-5811.

The players, 15, 16 and 17 years of age, will be spending eight of the 10 nights billeted with French speaking families in eastern Canada.

Five hockey games are scheduled during the period, and the players will also attend a Montreal Canadiens

- Kansas City NHL hockey game.

The players have worked hard for the trip -- which has involved a dozen nights of selling the Heritage Books; digging a six-foot trench around a house for installation of weeping tile (in 10 degree below temperatures); selling of raffle tickets, and planning the teen dance.

And the players will be contributing more than \$1,000 from their own pockets to finance the trip.

In addition, the Barons have held first place in the Central Alberta Midget Hockey League since the start of the season, running up a record of 15 wins, 5 ties and one loss.

CHILL NORTH WINDS and later a snowstorm Friday afternoon didn't stop these youngsters beating a puck around the Mission outdoor arena. To the background lies a wintry looking St. Albert.

Consent free medicals urged for youngsters

Children over 15 should have the right to medical treatment without parental consent, a report prepared by the Institute of Law Research and Reform points out.

And even younger children should be permitted sex- and - drug related treatment without parents being brought in.

Those are two recommendations in the institute report, prepared at the urging of the government, doctors and family planners.

The institute says medical treatment can only be given with consent, generally speaking. And for anyone below the age of majority (18 in Alberta) parental consent is normally to be sought.

The problem the report says is to strike a balance between the role of the parent and ensuring care for youngsters who either cannot or will not get parental consent.

As part of the answer, it proposed children 16 and over to be given the absolute right to authorize medical treatment for themselves.

As another part, the institute says children under 16 should be given the right for treatment of venereal disease, drugs and alcohol, contraception pregnancy and abortion.

Answering some arguments against that stance, the report says withholding contraceptive advice is not a deterrent to sexual intercourse. "It is better for the minor to be able to avoid unwanted pregnancies."

"The physician's motivation is not to induce the minor to have intercourse but to provide health care for one who already is."

The report says doctors treating minors should encourage the patients to tell their parents, but should keep the matter confidential themselves.

As to abortions the report says a decision to abort a child should be the girl's and should not be subject to veto

by a parent.

While abortion and contraception use would be allowed, the institute says that minors should not be permitted to consent to sterilization.

The report did not make a recommendation on the matter, but did point out that there is a problem for youngsters getting treatment without parental knowledge.

Little gas stations with personal touch

By Jim McIntyre

"It's the little guy that makes this country run and we'll be here as long as St. Albert supports us."

Those were the fighting words of St. Albert resident Gary Grable, president and owner of GG Investment and Development Company, who runs a chain of gas stations near St. Albert and in Edmonton.

Starting with what he termed the worst premises he could find just over two years ago, Mr. Grable aims at providing the best personalized gas station service for St. Albert residents as they zoom up and down the St. Albert Trail.

Now Mr. Grable is looking after five gas stations and plans on building another four - one of which will likely be in St. Albert.

The two stations which mean a lot to St. Albert customers are the Speedway Station at 137th Avenue and the St. Albert Trail, usually fluttering with flags, and the Turbo station at 131st Avenue and the Trail.

Mr. Grable says that with the odd 68.9 cent flashing over the pumps he can pull in his customers "and we know every customer by their first name."

Just last weekend the Turbo station ran a 66.7 weekend special and Mr. Grable commented that you wouldn't have believed the numbers of customers coming in.

It seems that the customers repay the Turbo and Speedway stations for the personalized service which bases Mr. Grable's business philosophy at a time when self service stations are sprouting up province wide. "There's one just half a mile down the road," says Mr. Grable.

Prices at Mr. Grable's stations are competitive, but much lower than regular gas prices at some service stations in St. Albert, some as high as 77.9 a gallon.

"People think they are saving when they go to a self serve," said Mr. Grable, "but he feels that actually they lose out because the car misses the fan and belt checks with personalized service."

Go into the Turbo gas station at the Trail and 131st Avenue and you'll see a very busy scene proving that Mr.

Grable's business philosophy is paying off. He's open from 6 a.m. to about 10 p.m. every day and is also planning a major "dressing up" of the 131st Avenue station.

A neat computerized cash register there helps to cut down book work by about an hour a day, the kind of short cut that Mr. Grable appreciates.

He helps out with the local payroll too - about 22 St. Albert people are employed by the GG President who smiles broadly as he tells you that since he started out

business has increased tenfold.

He realizes though that it's the customer and particularly the people of St. Albert who make the operation tick and "we want to thank the people of St. Albert for their business over the years."

It's by keeping the prices low that "Turbo" can keep the St. Albert customer happy.

Mr. Grable figures that "the little independent guy is being shot down the road" but he is determined to stay in business even if the big oil companies "tie things up."

OWNER OF TURBO STATION and other local service stations Gary Grable still finds time to get by the pumps and fill the cars with "juice," as they zoom up and down the St. Albert Trail.

Trustees rap with students

Students from the two junior high schools of the St. Albert Protestant Separate School District No. 6 met with trustees of the district on Wednesday, January 21 at Paul Kane Theatre Arts Room. The meeting was to provide both groups with the opportunity to get to know each other and to establish a forum for a dialogue. The senior high school students from Paul Kane will have their opportunity to meet the board on Wednesday, February 4th.

LORNE AKINS SCHOOL

Representatives from Lorne Akins School were the first group to meet the trustees. Danny Fish, the students union president, introduced the group. The students familiarized trustees with past activities and fund raising. Apparently, the students had a successful fund raising day this year which earned them four hundred dollars. Profits accumulated from this and from

other activities such as dances and sock hops go towards supporting projects like the Kinettes Christmas Hampers and clubs within the school. The students also support a foster child.

Clubs in the school include science, French, band, yearbook, curling and skiing. A variety of programs are undertaken.

The house system at Lorne Akins seems to be enjoyed by the students who consider that it has helped intramural activities. It also helps maintain a good school spirit. Asked by a trustee to comment on the school spirit, students said that the spirit is really high.

One of the concerns was vandalism. The school has been fairly free from this kind of nuisance but there has been an increase recently. From the presentation the problem does not yet appear to have reached serious proportions.

Another concern of the students, probably the one that affects them the most, is the lack of locker space within the school. The lockers are inadequate for the needs of the students. Some have experienced loss of boots and other personal belongings. Board chairman, Bill Webber, promised them that the matter would be looked into with the possi-

bility of the provision of larger lockers.

Trustee Don Munro thanked the students for attending. He explained to them that the trustees have discussions with teachers and sometimes parents but rarely do they have the opportunity to meet the students and learn what is going on in the schools on a day to day basis.

SIR GEORGE SIMPSON SCHOOL

The presentation by students from Simpson School was next on the agenda. Trustee Munro introduced the trustees to the students and he explained the role of school trustees to them. Craig Slater, student union president, then introduced the union executive and club representatives.

Sir George Simpson School also has a house system and

the students present were very much in favour of the system. They, like their fellow students at Akins, agreed that it certainly helped to promote the really good morale and spirit which exist at the school.

Simpson School has many clubs. These include ski, yearbook, gymnasium, chess, table tennis, drama, interchurch faith, and the Bushwhackers Club. The Bushwhackers Club is involved in learning outdoor skills and how to cope in a survival situation. Most of

the clubs are well attended. Fund raising activities included dances and sock hops.

Students questioned trustees on the recent removal of vending machines from the school with the exception of the homogenized milk machine. A recent motion passed by the board approved the removal of all vending machines which did not sell pure fruit juices or whole milk products. Chairman Webber advised the students the intent of the motion and its interpretation would be reviewed.

AROUND TOWN

The St. Albert Legion has chosen their new executive for this year. They are: President - Reg Bremner, First Vice - Vern Tompkins, Second Vice - Len Sykes, Past President - Benny Taylor, Secretary - Stan Winter, Treasurer - Wally Swenarchuk. Sorry, no photo available at this time.

SUPPORTING WORLD MISSIONS THROUGH THE
SOUTHERN BAPTIST CONVENTION

Parsonally speaking

By Rev. B. L. Heath
First Baptist Church

What is a ministerial association? All over the world clergymen from the different denominations meet on a local level to do things together for the good of the

whole kingdom of God. Many denominations working together can accomplish what one denomination can not do alone.

For many years St. Albert has had such an association. Since clergymen are considered a part of the healing

team the local ministerial meets at the hospital each month.

Some of the items on last Wednesday's agenda were: (1) How the churches can support the work of the Alberta Alcoholism and Drug Abuse Commission, (2) to

encourage young mothers to attend "Awareness for Mothers," the local teaching program of the Family Life Education, held at the United Church. Volunteers are also needed to babysit for mothers attending the eight week course; (3) a new piece of church publicity to be put in the hands of newcomers through the Welcome Wagon (4) discussion of those interested in taking a turn writing this column.

Local church news was also shared. Rev. John Engel, from Edmonton, is the new temporary pastor of St. Peter's Evangelical Lutheran Church. The St. Albert Evangelical Lutheran Church is in the process of calling a new pastor. Clergymen are leading the worship for the most part but the local lay members have a part also. The new Sturgeon Valley Baptist Church has begun Thursday night Bible studies. For further information call 459-6344. The St. Albert Catholic Parish will dedicate its new rectory in April. A supper is being planned for the local pastors and their wives.

At a meeting in the Kin Clubhouse last Wednesday evening the Heart Fund Area Captains saw the Reader's Digest film entitled "I am Joe's Heart" and were handed their kits for the Heart Fund Drive in the week of February 16. Nearly all the 60 captains were present. The drive is being handled by the Kinettes, Beta Sigma Phi with assistance from the WI and individuals and response to requests for canvassers has been excellent.

Quilting bee held at Seniors Centre

A "quilting bee" was scheduled in the Senior Citizens Recreation Centre (north of the curling rink) on Wednesday, February 4 at 1:30 p.m. Members of the Women's Institute were to be in attendance to help get the seniors started on a quilt or quilts. Although quilting will be the main attraction on Wednesday afternoons from now on, other handicrafts will be added to the "curriculum" later.

If quilting doesn't interest you, perhaps knitting does.

New immigration policy

Canada is on the way to a new immigration policy that would provide better control over the quality and quantity of newcomers without necessarily reducing their numbers.

A blue print drafted by the Immigration Department would set for the first time an annually adjustable ceiling on the number of immigrants.

It would change the admission requirements emphasizing job skills and experience, while downgrading formal education.

Illegal employment of foreign workers would be controlled and other immigrants encouraged to settle away from major population centres.

Non-discrimination would be the basis of the new Immigration Act.

Bring your needles; the wool will be provided and the end results will be sold sometime in the future with the proceeds going to activities at the Centre.

Wednesday is craft day. The Centre will be open and if the gentlemen don't feel like joining the ladies, they can always play pool, cards or one of the other games at the Centre. Or maybe they, too, will get started on a craft.

Monday and Wednesday evenings from 7 - 9 p.m. are the "drop-in" times when the Centre is open for a game of cards or pool, watching television, browsing through some of the many books and magazines or just sitting talking.

Whist will be played next on Tuesday, February 10 at 1:30 p.m. and the next bingo evening will be Tuesday, February 17 at 7 p.m.

Bowling continues to be well attended on Thursday mornings from 9:30 - 11:30 a.m.

Seniors are reminded of the social evening which will be held on Friday, February 5 at 7 p.m. This is the first of Friday socials which will be held periodically, and is in honour of Mr. and Mrs. Russell Naves who were married on January 24.

JUST LISTED!

Sturgeon hospital briefs

Following are highlights from the regular meeting of the Sturgeon General Hospital District #100 last week. Vice-chairman Stanley Walker was in the chair with Chairman John de Bruijn away.

THIRTY YEARS AGO, older patients would have died without the present advances made in anesthesia was one of the main points made to the hospital board when a presentation was made to it by Anesthesia Department Head Dr. R. I.

McCalla. He told the board that his past year had seen a 600-700 increase in the number of anesthetics performed at the Sturgeon General. But the hospital's four anesthetists were well able to cope with the situation, the Department Head added.

Pointing down the road to Edmonton he said that the Royal Alexandra, Misericordia and General Hospitals were short on anesthetists and that the situation could get worse over the next 10 to 15 years.

"Trainees are not keeping up with those who are retiring," said Dr. McCalla, referring to the numbers leaving the profession. It was only immigration that was filling the gaps and without immigrants, Dr. McCalla continued, every

hospital in Canada would be short of anesthetists. Chief of Staff Dr. F. Fairfield commented that Dr. McCalla's talk had made the board aware of what anesthesia was all about.

HOSPITALS ARE a life and death business and this often surfaces at Sturgeon board meetings. Like when Chief of Staff Dr. F. Fairfield spoke about the rising costs to keep heart failure patients alive on electrical pacers, when their own "equipment" was giving out. He highlighted a case where costs of a trans thoracic pacing machine had gone up from \$200 to \$2,000 over a short period of time.

Formerly, patients at the Sturgeon General had to go to Edmonton for heart treatment with the new pacer.

Dr. Fairfield, going into the gory details, said that the trans thoracic pacer, basically a needle with an electric charge, is passed through the chest cavity briefly to boost the heart muscle.

"They (patients), don't walk around for years with this in their chest," Dr. Fairfield commented amid a few chuckles.

AN INFECTION STUDY CONTROL is underway at the Sturgeon General Hospital; new methods of control are being looked at.

THE STURGEON GENERAL will be surveyed later this year by the Canadian Council of Accreditation. A two year period of former accreditation is up. Hospital accreditation by the council is the highest that Canada offers.

Medical officer has responsibility

Dr. Sheila M. Durkin, medical officer of Health, has the responsibility of supervising and co-ordinating the public health services available to the people in the MD of Sturgeon. All this must be accomplished on a budget which amounts to only five percent of the total expenditures for medical services. The Sturgeon Health Unit

is an official health agency formed by the various municipalities, towns and villages and financed by the Province of Alberta. Administered by a Board of Health, it serves an area of 6,800 square miles and a population of 62,000 people.

Dr. Durkin, who came to St. Albert from the Isle of Mann where she was the

M.O.H. says that, "Although public health problems are much the same as in the Isle of Mann, the setting is different and the way in which communities have developed is very different. Even towns within the same area are different one from the other." For example, the population of St. Albert is quite young as

compared to the population of Westlock.

"I find Canada refreshing and interesting because they (the people) themselves are interested in the programs and activities available to them," said Dr. Durkin.

Concerning the work of the Unit, Dr. Durkin says, "A lot of useful work is being done in the field of preventive

medicine and I hope under my direction it will continue to do so."

The Unit offers programs in the following areas: prenatal classes, well baby and immunization clinics, home visiting, pre-school screening clinic, early childhood services, school health services, dental health services, sanitation, supervision of health programs, speech therapy, health information and education, adult immunization, mental health, chronic illnesses, the aged and other duties of a less personal nature.

Dr. Durkin stated that the needs of the people must be ascertained and the priorities must be assessed before a meaningful service can be provided. This takes time, and must be held within the economic restrictions set by the government. Programs must be constantly re-assessed. Are we giving the best service possible for the money available?

Dr. Durkin stressed the importance of young people learning about health hazards - not only for themselves but as citizens and parents. A simple plan for looking after the body should be taught at an early age - nutrition, exercise, preventive measures.

Temporary relief sought for local hospital

A busy Sturgeon General Hospital is making moves for temporary expansion to the Alberta Hospital Services Commission and referring major construction proposals to the Edmonton Area Planning Council.

That's what came out of the regular monthly meeting of the Sturgeon General Hospital District #100 last week.

The board has decided to send a small delegation in the near future to the AHSC

on the temporary relief of space problems at the hospital.

These problems centre around the x-ray department, physiotherapy, a second case-patient, the relocation of out-patient care and the

expansion of ambulatory and clinical support services.

Board member Lawrence Klute feels that the temporary relief program might fit in with the general expansion of hospital facilities in the Edmonton area.

The 1975 operating room statistics at the Sturgeon Hospital also indicate the hospital is going to have to expand in future.

Statistics presented by Administrator Cliff Keyes indicate a 50.9 percent increase in minor cases, and a 23 percent increase in major cases, averaging out overall at a 37.65 percent increase for the last 12 months.

Emergency cases are up 45 percent over the year, out-patients 72 percent which the administrator pointed out, "Activity is really increasing rapidly."

Board member Armand Donalds felt that the board should apply for the temporary relief as the AHSC has opened the door for this.

However Board member Klute agreed that if major construction proposals went to the area council, they could be held up for another year.

Discussions for emergency service

Director of Smith's Ambulance Service Arlie Jespersen was in St. Albert talking to the Interclub council February 1st about a possible St. Albert based ambulance service.

Mr. Jespersen talked about what the Edmonton based company offered in terms of an ambulance service for St. Albert.

About 11 representatives of St. Albert service clubs

were at the meeting last Sunday in the St. Albert Inn. The meeting lasted about three hours commencing 9:00 a.m.

Mr. Jespersen sparked off discussion about what other rural towns were doing for local ambulance service.

He also touched on possible government action for rural ambulance services. Apparently the provincial government has funds earmarked for such projects.

If St. Albert does not get its own ambulance service along the lines of that operating in Morinville and Bon Accord, there are several ways St. Albert could do it with the service now offered by Smith's of Edmonton, according to Mr. Jespersen.

Nifty Fifties night

Bill Bailey, Johnny Ray, Chuck Berry, Kay Starr: Ring a nostalgic bell for you? Then the "Nifty Fifties Fest" is for you! The fest, presented by the Sturgeon General Hospital Auxiliary, will take place on Saturday, March 13th at the St. Albert

Community Hall. Tickets priced at \$10 a couple will provide you with a complete evening's fun - no other expenses. Dancing will start at 9 p.m. and lunch will be served around 11 p.m. Guys comb in your ducktails, girls grab yourselves a 'Fonzi' and come rock with us!

Tickets available by phoning 459-8850, 459-8496; 459-5112.

Nurses' Interest Group

A supper meeting will be held at the St. Albert Inn on Wednesday, February 18th at 7 p.m. Guest speaker will be Dr. Pat D. Rose on the Home Care Plan beginning at 8 p.m.

If you plan on attending please contact A. M. Murayama no later than February 13th at 459-3484.

JOURNOUD PAINTING

REASONABLE

ANNOUNCEMENT

A ST. ALBERT FISH AND GAME ASSOCIATION MEETING WILL BE HELD TUESDAY, FEBRUARY 10 - 8:00 P.M. AT THE ST. ALBERT COMMUNITY HALL

George Mitchell will be the guest speaker. He will be accompanied by his wife Joan. He will be showing slides of steelhead fishing in B.C., and more slides on Big Horn Sheep hunting.

Athabasca University needs Test Students

Athabasca University is looking for people interested in being Test Students for introductory, university level courses.

You will be asked to complete correspondence course material that is being developed for our students. After each course we'll ask you what you liked or disliked about the materials. A small honorarium is paid as a compensation for your time.

Test students should be:

- willing and able to study at home in their spare time (you don't need any previous university education, we're looking for people who want to learn and are not knowledgeable in these fields).

- 19 years of age or older

- available 2-4 days a month (mornings, afternoons, or evenings) to attend group meetings at Athabasca University.

Appropriate ceremonies open Bon Accord arena

An enthusiastic crowd was on hand Saturday at Bon Accord arena for the official opening ceremonies of the facility which were handled very capably by Master of Ceremonies, Keith Everitt.

Distinguished visitors and special guests from the village were seated on a platform at centre ice and all dignitaries were called upon for a few words during the exceptionally fitting program which Lynda Bland was instrumental in organizing. Mr. Peter Elzinga, MP for Pembina, presented a Canadian flag and photos of the Queen and Prince Philip, which were accepted by Mr. William Carleton.

Others present were Mr. Ernie Jamison, MLA and Mrs. Jamison, Reeve Bill Flynn of MD Sturgeon, Mr. Nesson from the Department of Agriculture representing Farmer's Market Days, Mr. Archie Jenkins, mayor of Bon Accord, Mr. Art Stapleton, mayor of Morinville and Mrs. Stapleton, Mayor Snip Loblick of Gibbons and Mrs. Loblick, Councillor Gerald St. Jean and Mrs. St. Jean from Legal, Laurent Coul-

ombe from Sturgeon Regional Recreation and Mrs. Coulombe.

Carnival Queen Cheryl Rosen and Princesses Donna Schiffner and Vivian Owens and little entertainer, Tracey Spencer with the big voice were also on the platform, and Mrs. Rose Ruth and Mrs. Jean Sloane of the Bon Accord Community Club.

Tracey Spencer, accompanied by Harold Taley on the guitar, did several songs between speeches and presentations which were much enjoyed by the crowd. The public address system is excellent.

Mr. Bill Carleton, president of the Community Centre Board accepted a number of engraved plaques which will be hung in a trophy display case being built for the arena. A plaque expressing the appreciation of the community to the oldtime residents whose initiative in former years laid the base for present recreation facilities was turned over on behalf of the older residents by Mr. Jack Milligan and Mr. Logan Carleton. A plaque recognizing the

assistance of the Bon Accord Mutual Telephone was presented by Mr. Earl Mulligan, Dave Latta, president of the Bon Accord Lions Club presented the plaque which had been awarded to the Lions for their contribution. The Bon Accord Agricultural Society was represented by Wes Carleton who turned over the plaque recognizing the contribution of the Society.

In addition two special plaques arising from memorial funds were presented: for the Gordie Brennan fund, by Jennifer and Glenna Brennan; and for the Patrick Ferby fund by Terry and Barry Ferby and Craig and Jennifer Petherbridge.

For the ribbon cutting ceremony an honour guard of the senior, pee-wees and mites hockey teams took their places on the ice (banians and midgets were in tournaments). Wintarama Queen Cheryl held the six coloured ribbons at the centre while her princesses escorted the participating dignitaries to their positions in a large circle where they held the ribbon ends. These

were Peter Elzinga, Ernie Jamison, Mayor Jenkins, Reeve Flynn with Laurent Coulombe, Bill Carleton and Rose Ruth with Jean Sloane. Against the background of this colourful scene Tracey sang "Bless This House" unaccompanied and then Mr. Logan Carleton a long time ardent fan of the Senior hockey club had the honour of cutting the ribbon while emcee Everitt declared the arena officially opened. Mr. Logan was given the ceremonial scissors as a token of appreciation.

Following the ceremony over 300 residents and guests enjoyed a lively evening of dancing to the Satellites on the mezzanine floor of the arena. Lunch was served later from the efficient kitchen and this area of the facility seems slated for as much activity as the ice surface in the years ahead. A little colder weather would help out now and the next project for this enterprising and co-operating community is certain to be an artificial ice plant, for which the pipes are already installed against the day when funds can be raised.

Mr. Peter Elzinga, MP for Pembina congratulates the community of Bon Accord on the opening of the new arena facility at the ceremony held Saturday evening.

Interim sewage solution favoured

The MD of Sturgeon #90 came out in favour of Morinville's interim solution to its sewage problems at a development meeting January 29th.

That solution favours construction of a \$900,000 sewage treatment plant over a near \$3 million tie in with St. Albert's outfall system.

The MD will send a letter to Morinville outlining its position on the issue. It favours the interim solution till Morinville grows enough to be able to afford the pipeline to St. Albert.

There was the feeling among council that St. Albert was the cause of Morinville's problem anyway and the interim solution was the least desirable in terms of a total solution. That solution may involve the twice yearly dumping of treated sewage into the Manawan Drainage system.

Councillor Lawrence Kluthe indicated that water from Manawan Lake could be released to coincide with the dumping of waste into the canal.

Big industrial park coming

The MD of Sturgeon #90 and Fort Saskatchewan may join hands in developing a final outline plan for a massive 125 square mile industrial park near the Fort.

Twenty thousand acres of the park would lie in the MD of Sturgeon. The County of

Strathcona is also expected to co-operate with the other two authorities, as well as the Edmonton Regional Planning Commission, on the outline plan.

The park would be bounded by the far east Strathcona boundary, Hu Haven,

the Redwater plant, following the river back to the Strathcona boundary.

The first phase of the study will look at economic and population trends sparked off by the park till the end of the century.

The second phase of the plan will look at space and location within the park environment and finally local objectives within the general plan.

An ERPC official Jerry Roshick pointed out that the

plan is only preliminary yet.

He said that Fort Saskatchewan had already appointed a representative to work with the planning group in principle. Reeve of the MD Bill Flynn indicated he is willing to appoint an MD member to the committee.

The projected industrial park will have tremendous effects on traffic and population increase and will add considerably to heavy industry already locating in the area.

Spotlight on Sturgeon

Credibility of provincial planning questioned

By Jim McIntyre

Full marks must go to MD of Sturgeon Councillor Walter Van de Walle for a stand taken against government policy on the location of oil refineries well away from cities. It was a well known fact that Shell Oil had shown interest in locating a refinery within MD boundaries, but following government policy to the letter, the Minister of the Environment turned the refinery down.

That would not have been so bad if the same government had prevented the development from going up in not so far away Strathcona.

Coun. Van de Walle - at last week's development meeting of the MD - was aware that people might think he was just a country boy. But he brought up an interesting point. He asked what were Department of the Environment officials doing, voting for an oil refinery in Strathcona at the Edmonton Regional Planning Commission, when the government policy as Sturgeon had experienced it, saw such developments locate "elsewhere."

Was it not a case of a kingdom being divided within itself, when governments said one thing and did another?

Coun. Van de Walle therefore questioned the credibility of provincial planning policy in the light of the ERPC incident feeling that politicians should be brought to task when there was inconsistency in government planning decisions.

Certainly Sturgeon had a vested interest in the decision to locate what might have been their oil refinery just down the road. But Coun. Van de Walle's point was well taken in an age when the credibility of all governments seems to be at stake.

To emphasize the point further, Prime Minister Trudeau's trip to Cuba and the adulation given to that Communist state by Trudeau's visit looks bad when we find out that Cuban troops have been using Gander Airport to bring wounded soldiers home from Angola.

On the crazy logic of today, CFB Namoo could be next.

\$12 million housing project axed

The MD of Sturgeon #90 more or less put paid to a \$12 million housing project slated south of the river road near Big Lake at its regular development meeting January 29.

The housing project would have given homes to 450 people and comprised of 133 units in the price range \$60,000 each.

One perk for the people who might have located if the development had been given the green light was a 7,000 yard golf course nearby.

But the developers Mr. J. Reyda and Mr. P. Butler failed to kindle the interest of the MD in the project which they felt to be a new concept in urban development in Alberta. The developers claimed that - if it had been accepted by the MD - it would have been the first of its kind in the province.

The housing units were in clusters and arranged from split level to patio houses which would have given a fine view of the Reyda Golf Course.

Councillor Clay Crozier feared that the development might be of an exclusive nature and might only cater to a "certain class of people."

Council were also a little worried that the developers failed to have any really hard

answers to questions on the kind of utilities at the site.

There seemed to be no provision for lot lots and recreation, but Mr. Butler pointed out that there would be no problem in incorporating these later. Also, according to Mr. Reyda, there were natural attractions like snowmobiling on 'Big Lake during winter, and

also observing the wildlife.

Mr. Reyda wanted to get on with the project as quickly as possible and said it would increase the size of the MD's tax base. He could not agree that the development would only be restricted to the rich.

Later in the meeting Councillor Glenn Berry said he didn't see the point in stringing the developers

along.

"I'm not in favour of the development," he added. Councillor Lawrence Kluthe also voiced the same feeling. One of the main reasons why the MD did not favour the project was that it went against the policy of preventing substantial developments south of the river road.

\$83,000 grant for Legal arena

Legal received an \$83,537.75 major cultural recreation facility development program grant for its natural ice arena January 27th.

Reeve of the MD of Sturgeon Bill Flynn presented the cheque to Deputy Mayor of Legal Art Morin and the monies were given on behalf of Sturgeon Regional Recreation.

Four dressing rooms, a lobby and concession area have been added as arena additions and the facility was finally completed last December.

Legal has so far spent \$169,250 on the facility.

The Legal Recreation Board has been in charge of construction and the Cambrian Group were in charge

of planning and consulting. Construction of the arena

additions began August 14 1975.

Mr. Art Morin, deputy mayor of Legal, accepts a cheque in the amount of \$83,537.75 from Reeve Bill Flynn. The funds were applied for in August to develop a new addition to the Legal Arena through the cultural/recreation program of the Provincial Government. Official opening ceremonies for the facility will be held on February 21st.

MORINVILLE MEMOS

By Marg Bentz
Rendez-Vous Club will be having a Valentine's party on February 13th at 8 p.m., at the Clubhouse.

Three youngsters have certainly been busy here in Morinville. Terry Anne, Janet and Gary Smith went door to door and collected \$43.50 for the A.C.T. Telarama '76. Congratulations!

On February 7, the Lions Club is sponsoring a benefit dance for Jean and Joanne Boissonault, who lost their trailer and belongings in a fire on January 6th. Dance starts at 9 p.m., with music by the "Rangers." Admission fees are up to the individual as cash donations will be accepted at the door.

Due to the death of his brother, Father David Roy, Bishop Raymond Roy has postponed his pastoral visit to St. Jean Baptiste Parish. Sincere sympathies are extended to Bishop Roy.

U.F.A. Co-op will be sponsoring a show "Snowball Express" on Monday, February 9, at 7:30 p.m. at the Recreation Centre. Admission is free and everyone is welcome.

Curling registrations for mixed curling on Tuesday

evenings are being accepted. For more information call Colleen Brisson at 939-4525.

Students' Union are having a dance on February 13 at 8 p.m., at the Rec. Centre.

Morinville Lions Figure Skating Club would like to thank all the sponsors who donated prizes for their recent raffle. Winners, who have not yet picked up their prizes, may pick them up at McGinnis Realty.

Ag. Society will be having their regular meeting on February 4, at 8 p.m. at Cunningham School.

On February 14, the M.F.C. (Christian Ladies) will be having a wine and cheese party at the Morinville Recreation Centre. Free wine and cheese will be served from 9-10 p.m., with a dance to follow.

A new babysitting service has been started by the "Alternatives for Youth Office" at Georges P. Vanier School. For more information or for a reliable babysitter phone 939-4069 weekdays between 11:05 - 11:45 a.m. and 3:00 - 4:00 p.m., and ask for Ruby or Rachelle.

The St. Jean Baptiste altar boys were treated to a bingo party on Thursday, January 29th at the Yellow School. Father Victor Bureau (spiritual advisor) joined the 40 altar boys and eight adults, for the evening. Prizes, door prize and a nice lunch helped to make the evening a success. Everyone had a good time.

Parents, who will be asking Baptism for their child, are invited to a meeting at the Rectory on Wednesday the 4th at 8 p.m.

All those who are contemplating marriage in the coming year are asked to attend an organizational meeting on Thursday, February 5th at 8 p.m., at the Rectory.

Drum and Bugle Band hold a practice every Monday at 7 p.m., at the Centre.

Four members of Lions Figure Skating Club com-

peted in the Alberta Winter Games sub-section at Drayton Valley on February 1st. Competitors were Vivian Blackburn, Jocelyn Blackburn, Cynthia Robinson and Lise Houle. Cynthia earned a bronze medal by placing third out of 26 and Jocelyn placed ninth in the same event, a high placing for her first competition. Congratulations for taking part girls!

Frank and Eileen Volmer and Alvie and Agnes Bokenfohr returned home February 1st from a two week holiday in Hawaii. Eileen says they had a wonderful time and from the looks of their tans, it's easy to believe.

Readers co-operation in telephoning or bringing in news items is much appreciated and as early in the week as possible. News

reports are completed Sunday evenings for delivery Monday to the Gazette. Please phone 939-4145 or stop in at 9901 - 99 Avenue.

RENDEZ-VOUS REPORT

By Dorothy Daignault
The Senior Citizens of the Rendez-Vous Club had a happy break Wednesday afternoon, January 28 when they were entertained by a group of Grade 5 students. Sister Annette Majew conducted her students in singing several songs.

Mrs. Billo thanked the students and Sister Annette Majew and invited them to come again. Lunch was served and by the look on their faces, I'm sure they were happy. They all showed great interest as they watched some of our citizens playing shuffleboard. We all enjoyed having them and hope they will come again.

We are happy to note our new citizens Mrs. Caroline Harper and Mrs. Jeannette Champagne. Our member from Edmonton, Mrs. Yvonne Teller was with us, and two other members have joined us in our Wednesday afternoon meetings. Mrs. Ouellette and Mr. Hector Gibeau. We wish you all a hearty welcome and hope you will find enjoyment at our Club.

Remember our Valentine party - February 13 at 8 p.m.

Home and School are having a general meeting on February 9th at G. P. Vanier School at 7:30. The School Board is going to give a progress report on the new school.

Morinville Sports Report

SENIORS DEFEAT CALAHOO

Morinville Motors senior hockey club beat Calahoo Scorpions 6-1 Tuesday, January 27 at Calahoo. The score was close until the third period when Morinville made four unanswered goals. Jack MacAskill made one goal and three assists; John Baillie took two goals and one assist; Terry Maslyk scored one goal and two assists; while Guy Chalfoux and Dex Dersch each took singles.

Seniors lost 5-4 to Nmao on Friday, January 30, at home, in front of a large crowd. Morinville waited too long and was not able to pull the fat from the fire in the dying minutes in spite of herculean effort at many good chances. Goals were scored by Wayne Miller, Rick Wright, Norm Bohl and Ed St. Laurent. Next home game is Sunday, February 8th against Legal at 2:15 p.m.

Bantam and midget games over the Minor Hockey Week weekend were postponed due to the warm weather.

Playoffs in the Sturgeon League should be starting this weekend.

SHAVER ACTION

Cinq Concrete Shaver B beat Redwater 6-0 in their first Minor Hockey Week tournament, on goals by James Hansen (2) and Riel St. Laurent (4) and Kevin Lalonde posted the shutout. They didn't fare so well against Gibbons A (lost 9-0) and were eliminated by Legal (1-0).

Andy's Trucking Shaver A won three out of four games in the same tournament in Legal on Saturday, January 31st. They shutout Gibbons B (4-0) and Bon Accord (5-0) and edged Riviere Qui Barre 2-1 but were then edged 1-0 by Redwater, and thus eliminated. Goal scorers were: Casey Bentz (4); Patrick Krauskopf (3); Jay Enright (2); Darren Pezer (1) and Kevin Paul (1). Jerry Lalonde posted two shutouts for a very good .500 goal a game average.

MITE A'S WIN

Mite A won the cup during Minor Hockey Week by defeating Gibbons 6-1 in the finals. In tournament play they won 17-0 against Thorold, 6-0 against Redwater and 5-0 against Bon Accord. In exhibition play the mites beat St. Albert 6-2. Goals scored by Chris Bokenfohr

PROPOSED DEVELOPMENT

MUNICIPAL DISTRICT OF STURGEON NO. 90
MORINVILLE, ALBERTA.

It is the council's intention to reclassify the following lands from low density agricultural to residential.

The North-East of Section 23, Township 55, Range 25, West of the Fourth Meridian.

Persons affected by, or objecting to the said proposal may submit in writing to the undersigned the reasons for their objections, or views on same on or prior to FEBRUARY 24th, 1976.

D. GARY BROWNLEE
DEVELOPMENT OFFICER.

LEGAL LOCALS

By Connie Maurier
Open Bospital Results, held January 19 - 25. First Event winners were: Ralph Gaetz, the Shanks, Remi Bolle and Don Hills. Second Event winners were: Lawrence Kluthe, Gerry Germaine, P. J. Homes Ltd., and I. Strawson. Third Event winners were: Red Krauskopf, Barry Flynn, Camille Bolle and Roger Sabourin. An important note to remember is that the mixed league bospital will be held February 9 - 15. Entries will close on February 7.

Teachers Convention coming up. All members of the teaching staff will be attending their annual convention on February 12 and 13.

CEREMONIES FOR THE ARENA ADDITION

On February 21, 1976 there will be an official opening ceremony for the addition to our arena which was just completed this fall.

A supper will be served at the Community Hall after the opening at the Arena at 4 p.m. The banquet is scheduled for 6 p.m. - 8 p.m., and a dance will follow. Tickets are being sold for supper and dance at \$7.50 per person and refreshments will be available.

Anyone interested can purchase a ticket at any of the following places: Don

Montpetit, Credit Union, Jules Larose, Arena and Confect, or from anyone of the Recreation Board members who are: Sharon Veitch, Levi Berube, Ray Ouellette, Rodney St. Martin, Jeanne Maurier, Ed Royan, Joyce Kozak, and Doug Hills.

To further the celebrations Sunday 22nd there will be the snowmobile gymkhana held behind the Arena starting time posted for 11 a.m. Those wishing to take part can register in the morning one hour before the races begin. The winners of each event will get a cash jackpot.

Meantime, during the races, there will be a series of hockey games played in the Arena with the shavers, mites and pee-wee teams performing.

At 2:30 p.m. the figure skating cabaret commences and will be followed by the girls hockey game at 3:30 p.m.

Also a moms and dads broomball game is scheduled for 5 p.m. Next from 5:30 p.m. - 6 p.m. are the kids skating races.

Then to add to our big festival is a smorgasbord supper from 5 p.m. - 7 p.m. on Sunday at the Recreation Centre sponsored by the Club 60 Roses.

The smorgasbord will be followed with a hockey game featuring the Legal Oldtimers and the RCMP's to be played at 8 p.m.

Be sure not to miss these two festive days and enjoy yourselves to all the fun available.

Rene and Anita Maurier are just back from an educational trip to Banff. They attended a Pork Seminar for registered members which lasted three days. The main topics studied were breeding and diseases.

Congratulations to Michelle Prefontaine for his lucky win of \$100 on the Olympic Lottery drawn Sunday, January 25th.

Put Sunday, February 15th aside to attend our Parish Bingo at the Community Hall at 8 p.m. Free coffee will be available.

Funeral services were held for Mr. Leopaul Casavant, Monday, February 23 in St. Emile's Church. He passed away at the age of 31 in Edmonton and was known by many friends in Legal.

Sympathies to Mr. Lucien Cyr, Mr. Roger Cyr and Mrs. Annette Boursassa on the loss

of their brother Roland Cyr who passed away at the age of 67 years in Edmonton. Prayers and service were held in Legal.

There was a very good turnout at the Semester Break dance held at the Community Hall on Saturday night the 31st. The band was called "The Carroll Brothers" and are from British Columbia.

At the beginning of March a group from grades 9 - 12 will be spending a weekend in Edson to enjoy a skiing expedition.

Last Sunday the Girl Guides were taken to see a movie at the Towne Cinema called "Challenge to be Free." They all had a very good time and appreciated the stop for a snack.

At present the Legal Girl Guides are working hard to achieve their babysitting badge. Most of the girls have completed their Midi Skirt project. Thank you to the mothers who took time to go

help the leaders with the sewing project.

On January 29 the Club 60 Roses had their monthly Birthday Party for the members who had one. They were: Mrs. Annie St. Pierre, Mrs. Helen Cassavant, Mrs. Diana Nadeau, Mr. Alphonse Huot, Mr. Bruno St. Jean, Mr. Paul Leonchuck, Mrs. Nap Belly (from St. Albert), Mrs. Patricia Montpetit, Mr. Frank Prefontaine, Mr. Roger Ouellette and Mr. Alexander St. Louis (of Picardville).

Everyone had a good time playing cards. The door prize was won by Mrs. Freda Morin. A lunch was served with the birthday cake, along with coffee. We wish to thank all those who helped. We were also glad to have with the club visitors from Edmonton, Mr. and Mrs. Antonio Lecavalier and from Clyde, Mr. and Mrs. Joe Bugnet. Hope to see you again.

The beautifully decorated cake which was raffled at the Club 60 Roses bake sale last Saturday was won by Mrs. Eva Theberge.

MINOR HOCKEY TOURNAMENT

SHAVERS - Decided on Saturday 31st under watery conditions the divisional winners were Redwater and Gibbons. The final game was

held in Redwater on Sunday afternoon the scores being 4-0 in favour of Redwater.

MITES - Divisional winners were Morinville and Gibbons. Final game Sunday noon in Morinville was won by Morinville 6-1.

PEEWEEES - Divisional winners were Redwater and Morinville. The game was played in Gibbons. Morinville won 5-3.

The chairman of Minor Hockey, Mr. Rene Maurier presented the winners with their trophies after the games were completed.

BANTAMS - First divisional winner was Redwater but the 2nd divisional game will be played at future date because of poor ice conditions.

Midjet results will follow because the games were totally cancelled due to the sudden Canadian weather.

Most of the games in this tournament were played with deep ice and floating pucks. Nevertheless all players took it in bravely and fought it to the end.

The 4H Public Speaking finals will be held for the 10 - 13 year olds on February 11th 7:30 p.m., at the Recreation Centre. The senior public speaking finals will be held at same time and place but on February 18. Everyone welcome. Please come and encourage these youngsters. Lunch will be served.

Legal CWL Report

By C. Y. Keane

The monthly St. Emile's CWL meeting was held at the rectory on January 20, 1976 with seven members present.

Father Bissonnette opened the meeting with our league prayer. Our President Mary Q. asked Madeline C. to read the minutes of our December meeting as well as the financial statement.

Mary Q. next read the correspondence including an interesting letter from Mona McGregor.

Mary K. always makes her poems a highlight of her report. The poem entitled "Prayer for the New Year" was very appropriate and enjoyed by all.

Claire Y. was asked to read all about cultural life project 75, sent to us by Jeannette Laforce, Diocesan Cultural convener.

Another letter was also read by Mary Q. asking us to save and send our used stamps again this year to send for the missions.

The Sacred Heart program requested our annual donation to help support their program on C.J.C.A. radio

every Sunday at 7:15 a.m. All were in favour of the same donation.

Our president and her husband will be attending the banquet on January 24 at the Club 60 Roses in honour of our Bishop who is paying Legal parishioners a visit.

On account of the mail strike our December study program was not available so Mary Q. presented us with the two programs for December and January.

The December program was entitled "Is Evangelization Different Today?" and for January.

"Is Sunday Mass Questioned?" After some studying an interesting discussion followed.

Father encouraged the members to go hear and see Father Fumoleau, speak in Clyde on January 22, author of the book on the north entitled "As Long As This Land Shall Last."

The CWL convention will be held this year on April 6th at Grand Centre.

Meeting closed with a prayer, and a delicious lunch brought by Pat M. was enjoyed by all.

BON ACCORD NEWS

By Sadie Allen

The Bon Accord Block Parent organization is in the final stages of preparation. Applications for Block Parents will be available this month. A general meeting is planned for February 26 at 8 p.m., in the community centre basement to explain the purpose of the organization and answer all questions concerning the role of a block parent. Present at the meeting will be Constable Jim Warren, RCMP, Lawrence Johnson of the St. Albert Safety Council and the Bon Accord area chairman to enable you to become better acquainted with the program. Special thanks are extended to the St. Albert Safety Council and Lawrence Johnson who helped to get our organization started and donated so much time and material to our class.

A fine time was had by all except the skaters during Winterrama weekend with a record crowd of young-and-old breaking in the new dance floor in the mezzanine of the arena on Friday and a sell-out crowd attending the dine and dance held on Saturday. Due to ice conditions, hockey events were all cancelled. However the ice

show is re-scheduled for February 21 with the chuckwagon races to follow the show. A shaver tournament is also being planned for cooler weather when a trophy donated by the Bon Accord Potato Farm will be awarded the winners. Crowning of the Winterrama Queen, Cheryl Rosen, took place on Friday night. First runner-up was Donna Schiffner, second runner-up was Vivian Owens.

Anglican Church Women met at the home of Ruth Clime on January 28 when the annual meeting was held. Elected to the new executive were Diane Hartley as president and Brenda Strawson as secretary-treasurer. Rita Milligan retained the vice-presidency. A vote of thanks was extended to retiring officers, Ruth Clime and Shirley Blund.

Craft classes are scheduled for February 11 in the Bon Accord Community Centre. Are you registered for the craft you would like to take? Contact Pauline - 921-3625 or June, 921-3589 or Doris, 921-3686 for registration or information.

A Fish and Game meeting

will be held in the Bon Accord Community Centre on February 12 at 7:30 p.m.

The UCW evening group will hold a pie and tea in the

United Church basement on February 14.

A dine and dance is planned for February 28 with music by the Satellites.

Tickets will be available from Pauline or Doreen.

Bingo players can sit back and relax for awhile as the

jackpot of \$300 was won in 53 numbers on February 1st by Eva Garlick of Edmonton. The bonanza was shared by June Zendran and Bert McEachern. Starting February 8th the jackpot will be \$500 in 48 numbers.

Senior Golden Gems will meet in the Bon Accord Community Centre on February 10 at 1 p.m. The annual meeting will be held and anyone not attending will be fair game for a job. Turn out and defend yourself.

Ukrainian dancing and language classes will be held at Federah Hall, Monday, Feb. 9 at 7 p.m. Registration for dancing to end Feb. 9. \$1.25 per lesson, no age limit from five years and up. Registrations may be made with Phyllis Hills 921-2387 or at the hall. Language classes are free.

Sturgeon Regional Recreation offers a course in rummup room planning, consisting of budgeting, proper tools, materials, construction, information and decorating to be held in St. Albert at C.B.H. Home Improvement Centre, no charge - February 9 and 11 at 7:30 p.m. Limit of 16 persons. For more information call Donna Lenke at 921-3567.

VIMY NEWS

By Darlene Provencal

At a Parish Council last Thursday, votes were counted for the elections of new members on the council. The persons with the majority of votes are: Mr. Ulic Landry; Mrs. Antonia Sequin, Mr. Louis Provencal, and Miss Lucille DeChamplain. Other members who remain are: Mrs. Roger Sabourin, Mr. Joe Kallal, Mrs. Irene Regimbald, Mrs. Mary Bernard. A thank you to Mr. Leo Fortier, Mrs. Gloria Dubois.

Miss Clemence Provencal, and Michel Blanchette for their help on the Parish Council for the last three years. Also, a sincere thanks to Mr. Leonard Blanchette who has represented the parish on the Diocesan Pastoral Council for the last six years and served on the Parish Council.

Congratulations to Pauline Despins who won first prize at the Westlock Fun Fair for her artex painting of "Our

Lord in the Garden."

Get well wishes to Hector Blanchette who is in an Edmonton hospital after a serious farm accident.

Wilfred and Eleanor Zadanyski are presently in Las Vegas attacking those "one arm bandits." Hope you have an enjoyable trip.

The Vimy Community League held a board meeting on Thursday to set a date for the annual meeting. It was decided to hold this annual meeting on Monday, February 16th, and they certainly hope a lot of you show some concern about your community by attending.

A Valentine dance will be held on Saturday, February 14th at Half Moon. Music supplied by the Kandy Kanes. Lunch will be served. \$4 per person. So everyone, make a date to head on down there. Just 10 miles east of Vimy.

NAMAO NEWS

By Norma Crozier

Namao winter carnival will be held February 6 and 7 with many outdoor activities and the carnival dance on Saturday evening. Come out and join the fun at the skating party, ski-doo gymkhana, sleigh rides planned for everyone's enjoyment.

Namao UCW will hold their February meeting at the home of Mrs. Shirley Ward on Wednesday, February 11th at 1:30 p.m. All interested ladies of the dis-

trict are invited to attend.

Congratulations to Mr. and Mrs. Melvin Clark on the birth of a son on January 29th weighing in at 7 lbs. 3 ozs. A brother for Sheila. Also congratulations to proud grandparents Mr. and Mrs. Harold Clark and Mr. and Mrs. Ray Rigney of Bon Accord, a first grandson for both.

A shower will be held in the Namao Community Hall honouring Miss Sandra Sagan on Thursday, February 12th at 8 p.m. Sandra will be married to David Dowhanuk on February 21st.

A shower will also be held in the Hall honouring Miss Donna Zawalak on February 24th at 8 p.m. Donna is the bride-elect of Frances Huber.

MD census figures released

The MD of Sturgeon, excluding towns and villages, had a total population of 12,403 December 31, 1975 after a recent census in the area.

Breaking the total down across seven MD divisions, Division One came out tops with 2,290, followed by Lancaster Park Namao Airbase, 1,914, Division Two, 1,880, Division Four, 1,387, Division Three, 1,196, Division Seven 1,189, Division Six, 1,006, Division Five, 904 and Alberta Hospital, 637.

The census figures will be used by Sturgeon Regional Recreation in working out costs of recreation facilities in Sturgeon.

Also in the census it was shown the MD has 663 full time farmers in the area, 175 part-time farmers working over 160 acres and 277 part-time farmers working under 160 acres.

O'Dwyer - Keane Wedding

St. Albert Roman Catholic Church was the scene of a beautiful evening wedding recently when Maymie Keane, daughter of Mr. and Mrs. Allan Keane of Legal became the bride of Michael O'Dwyer, son of Mr. and Mrs. Arthur O'Dwyer of Drumheller.

Father Don O'Dwyer, uncle of the groom, officiated at the double ring ceremony. Scripture passages were read by Mr. Dixon Keane, uncle of the bride. Soloist was Patsy Montpetit accompanied by Elaine Bilodeau as organist. Altar boys were Ronald Garneau and Vince Blanchette. Ushering the guests were Richard Garneau and Jay O'Dwyer.

Escorted down the aisle by her parents, Maymie was radiant in her exquisite tiered gown of white silk jersey. Her Spanish style mantilla lace veil completed her beautiful wedding ensemble. She carried a bouquet of red roses and stephanotis.

Bridesmaids were Teresa Keane and Lucy Montpetit, sister and cousin of the bride. They wore identical tiered gowns of burgundy polyester jersey and carried bouquets of roses and carnations.

Mrs. Keane chose a floor length gown of beige polyester jersey complimented by a mint-green orchid corsage. Mrs. O'Dwyer wore an

off-white orchid corsage to accent her floor length dress of dark green polyester jersey.

The groom's attendants were Mr. Jim Forgo and Mr. Lorne Wilson, both close friends and former classmates of Mike.

Some 400 guests attended the dance and buffet lunch

at the Club Mocombo in St. Albert. Music was provided by The Sound Investment. Lorraine and Kim Garneau were in charge of the guest book.

Master of ceremonies was Mr. Gerald Keane and Mr. Patrick Keane proposed the toast to the bride to which the groom responded.

Guests attending the wedding came from several centres, notably Drumheller, Calgary, Vancouver, Nelson, Slave Lake, Westlock, Wauqui, Vimy, Legal and other points.

Maymie and Mike flew to Hawaii for a two week honeymoon and now reside in Edmonton.

MR. & MRS. MICHAEL O'DWYER

"Church" of Scientology rip-off

It is amazing how people can be gulled into rip-offs.

Scientology seems to be one of those rip-offs if one goes from literature circulated on the subject.

The big rip-off aspect about Scientology is a con-game are those who save the uninitiated from going the same route to "perdition."

A pretty expensive form of charity.

One ex-scientologist tells the story that \$5000 was needed to prepare for the next stage of initiation without suffering harmful side effects. Perhaps most of us would have called it quits right there.

Not only that, most of us would not have been prepared to spend another \$4,000, and even up to another \$7,500 on reaching higher levels of Scientology.

One of the best philosophies in the world is (or was) Christianity, depending on your viewpoint, and that never cost anyone a penny. (Except maybe the collection on the church-plate once a Sunday).

According to one Canadian ex-scientologist, Brendon Moore, who brought attention to his plight through the classified advertising columns of the Calgary Herald, Scientology is a sinister organization.

He says that Scientology is an organization which cloaks

its sinister activities beneath the sanctity of the word "church."

According to Mr. Moore, Scientology policies include the attitude that any criticism is an attack, and all attackers are enemies that are to be tricked, lied to, sued or destroyed by any means.

Scientology is also said to preach against established institutions and Scientology becomes the only hope of justice and survival.

Mr. Moore tells us that he really felt like a fool when he learned what OT 111 was after leaving Scientology when unable to cough up more funds.

(OT 111 is a level of Scientology which needs special preparation otherwise the life of the devotee could be in jeopardy).

Here is the "killer" doctrine for which you needed that special preparation.

"75,000,000 years ago, a wicked character named Xenn, who was a leading figure in this Confederation

of planets, decided to control over-population by means of fusing human beings together under duress so they (thought) they were one.

This was done by dropping hydrogen bombs on volcanoes which had beings dumped on them. After the explosion, the being were further confused by showing them religious pictures of devils, angels, etc. Scientologists are told, if they have paid for it, that everyone's body is made up of these befuddled beings and that only Scientology can save the world because this OT 111 material is exclusive to Scientology. When you do this level, you get rid of these beings and are free from being overwhelmed by them."

Did that kill you, reader? That was the doctrine you needed to pay all those bucks for and save your life.

Mr. Moore comments: "Isn't that a good story?"

One can't but help agree with his final comment. "It's a really expensive one."

MD development briefs

Following are highlights of the development meeting of the MD of Sturgeon #90, January 29.

THE MD FELT there was no need to reclassify property at the St. Albert Airport in line with proposed developments there. Airport authorities have asked for reclassification because runways might be upgraded and new hangars built.

Councillor Walter Van de Walle asked why, in the light of developments at the Villeneuve Airport, were the two strips so close together.

E. J. BERUBE wants indications from MD council on the possibility of locating an abattoir at NE 25-54-28 W4. MD officials say it will have to comply with health regulations and also point out that it is in line with the proposed NW freeway.

THE MD HAS BEEN looking for several different sites for a reservoir which could supply Gibbons and WNW Developments' water needs.

A four acre site is required for the reservoir, and the MD could take over ownership of the system at the end of a given period.

Basically a line from the reservoir would link Gibbons and WNW Developments, with Gibbons going for its own reservoir later.

The waterworks system is slated for the north-east industrial area of the Fort Saskatchewan settlement.

Apparently timing on signing the agreement with the developer is becoming critical and the MD wants to draw up an agreement with the principal of MD ownership of the facility afterwards.

THE MD HAS APPROVED a request for a bulk anhydrous ammonia depot at the correction line west of Highway Two. Approval has been granted subject to the development being well away from the Peace River Oil Pipeline which lies buried only 30 feet beneath the surface at the depot site.

"IF HE CAN DO IT, I take my hat off to him," said MD Development Officer Gary Brownlee, referring to developer Ken Richardson's proposed country residential project at NE 23-55-25.

The MD approved in principle a 180 unit project proposed by the developer which would cover a quarter section of land. The development would feature a novel recycling sewage system which would only need emptying every two years.

Cost of each unit to potential residents would be only \$28,000, a snap by today's market prices.

The MD will advertise the reclassification of the land and will then go on to a public hearing. Based on the opinions of the public, the MD will try and involve the developer in a suitable development agreement.

Camilla Clothing Club

By Kim Borie

The members of our 4H Club are all working in a frenzy to complete their sewing projects as our achievement day has now been set for Saturday, March 27th.

The date for public speaking has also been discussed and will be held Friday, March 19th. All the girls in

the Club give a special vote of thanks to our junior leader for public speaking - Cindy Brenneis who has been helping the members get ready for speak-off day.

The problem of how to raise money for the club has been discussed at several meetings and debated between a raffle, craft sale or

bake sale. The vote was for a bake sale to be held in conjunction with the Riviere Qui Barre annual turkey supper which is to be held February 15th.

The Club also attended Ice Capades much to the enjoyment of all. The skating, lighting and costumes were all combined to give everyone a grand evening of entertainment. The clown acts probably getting the vote of most of the young fry there as being the most popular acts. Thanks to Mrs. Brenneis who looked after purchasing tickets and to Harold Granger who drove the bus for us.

On Friday, January 30th the Riviere Qui Barre Booth Club invited out Clothing Club as well as several other clubs in the area to a skating party, which was held in the new RQB arena. Everyone enjoyed the outing very much and had a lot of fun. It was great to see the leaders out there enjoying themselves also.

A delicious lunch of cake, sandwiches and pop or coffee was the climax for a good evening of fun and exercise.

HORSE HILL NEWS

By Peggy Wenzel

The Horse Hill Community League elected new officers at the annual meeting held January 26 and Mr. Floyd Cruden is the new president. Serving with him are Elaine Hood, vice-president; Peggy Farrell, secretary; Joan Clark, treasurer and Peggy Wenzel, booking agent. Ph-one President Floyd at 973-5792 or the booking agent at 973-5783.

The league has arranged a Craft Exposure session to be held on Thursday, February 12th at the school from 1:30 to 3:30 p.m. Interested district people can learn about

such handicrafts as weaving, macrame, jewellery making and soft leather articles including MUKLUKS. Come and meet Linda McPhee who is currently doing a Mukluk course on CFRR-TV.

The Exposure day will also feature other crafts including Creative Stitchery and Bargello and there will be a display of wall coverings and paints. Pre-registration will be taken and there is no registration fee for the exposure session.

Classes will be organized where 12 or more people are interested in a particular class.

Gibbons Council Briefs

The councillors of the Village of Gibbons felt that residents would be interested in the bylaws passed during 1975 and four of them were listed last month. The remaining five follow. Residents are also reminded that copies of any village bylaws are available upon request to the Village office.

Bylaw #202 - A bylaw of the Village of Gibbons authorizing the licensing and control of dogs within the village.

Bylaw #203 - A bylaw amending bylaw #190 to rezone lots 11 and 12 Block 7, Plan 1197 K.S. from R1C to R3.

Bylaw #204 - A bylaw amending bylaw #190 to rezone Lot A, Plan 5649 N.Y. from A to R1C.

Bylaw #205 - imposition of penalties on unpaid taxes. Any taxes remaining unpaid after the 31st day of August a penalty of 5% will be added to form part of the taxes. Any taxes remaining unpaid after the 31st day of December an amount of 8% penalty shall

be added to form part of the unpaid taxes. No discounts on current taxes will be allowed.

Bylaw #207 - A bylaw of the Village of Gibbons setting a fee for the issuance of tax certificates.

Scientific research cutbacks

Canada's scientific community is in a state of shock caused by the slashing of research and development funds and the repeal of tax incentives for industrial research.

The cuts were made as part of the government's \$1.5 billion reduction in spending increases originally slated for the fiscal year 1976-77.

As a result of the cutbacks, Canada's international trade in secondary industry products and especially in high technology products will be seriously affected.

Medical research in universities and hospitals will suffer. The economy will be damaged because fewer new

skilled jobs will be created in innovative industries.

Fewer people will train for research and development jobs and there may even be a brain drain to the U.S. and elsewhere.

GIBBONS NEWS

By Karen Hogg

The Agricultural Society will be holding their first annual Moccasin Stomp on February 14 from 8:30 till 1 a.m. in the arena, with Bob Layton's Twilights. Tickets are \$3 per person, refreshments available, plus a door prize. Tickets will be on sale from any Ag. Society member or merchant in Gibbons. The dance will be held right on the ice. So get your moccasins ready and come on out for what sounds like a really fun time.

From now on every Sunday afternoon from 4:45 to 6:45 will definitely be posted for Public Skating. So get your family and skates ready and come down on Sunday for a two hour skate.

Pin Ball machines are

being looked into by the Agricultural Society to place in the lobby.

The Lions Club of Gibbons donated their complete fund raising walk-a-thon cheque of \$413.17 to the Arena. The Agricultural Society would like to thank the Lions very much for their cheque which will be put to the general arena fund.

The Ag. Society has purchased a popcorn machine for the concession.

On January 19 they also purchased a music and sound system for the arena. One mike will be in the penalty box and one in the mezzanine. Four big speakers will be up on the ice, two speakers in the lobby, and one in the mezzanine. This

will sure be a great advantage to people like me who never know what the penalty was called for in hockey and what would be nicer than to have public skating with music.

The annual community centre meeting will be held on February 16 at 8 p.m., in the Hall. Everyone is welcome to come and attend this meeting. If not enough community support is shown, there will be a reduction of community activities in the hall. Refreshments will be served. Please come out and put in your say for future community activities.

The Community Centre is holding a beer fest on February 7th at 8:30 in the Hall. The band is the Good Vibrations and the price is \$12.00 a couple. Tickets are available from any community centre member.

Coming up beer fests to mark on your calendar by the Community Centre are: February 7 - Good Vibrations; March 20; April 17; May 15; September 11 and October 30. Come on out and help support our Community Centre.

The Brownie and Guide mother and daughter banquet will be held on February 25 in the Hall. Definite times will be posted in the next Gazette.

The Girl Guides are holding a Valentine Tea in the Hall on February 14. Come on out and help to support our girls.

The Teen Club is again starting up in Gibbons. The kids approached John and Janice Graham to be their directors. The club will be held on Tuesdays and Thursdays from 7 till 10 in the new gymnasium. You can either by a yearly membership of \$5 or pay 25¢ everytime you go. The age limit is 13 to 18. Starting date will be posted in the next Gazette.

The Library, which is now in the mezzanine, would like all library cards brought back to be renewed. Anyone with overdue books are asked to return them and there will be no charge.

The Library hours are: Monday - 6 p.m. till 8 p.m., Wednesday - 1 p.m. - 3 p.m., Thursday - 1 p.m. - 3 p.m., Friday - 4 p.m. - 6 p.m.

GIBBONS MINOR HOCKEY

The hockey members would like to thank the Gibbons Legion for their donation of \$60.00. Also thanks to the Gibbons Flyers who donated \$18.00 received from their game against the Edmonton Chimos. These monies will come in handy to help pay for ice time. Willie Rumsink donated some bottles which brought in some more welcome monies. The sale of the chocolates has slowed down considerably.

There are quite a few boys who haven't turned in their money. This should be done within the next week. Also some boys belonging to minor hockey particularly midgets and bantams neglected to pickup the chocolates to sell. Therefore we still have over 100 boxes to sell. Anyone wishing chocolates can buy some at the concession in the Gibbons Arena, or from Mrs. Roque. To date, the shavers team sold \$345.00 worth of chocolates, mites \$270.00, pee-wees \$250.00, bantams \$90.00 (thanks to Louis Bibaud), midgets \$15.00.

A few of the boys - Shaun Callaghan, Mark Bilsburrow, Steven Hall, Brian Roque, Bret Walters, Barry Bocharsky, David Allan, Terry Fortin, Jeff Roque, Keeling and Shelby Hedstrom. Donny Bibby have all sold more than the minimum. Good efforts boys.

The boys play good entertaining hockey, but fan support is disappointing. Come on out and cheer the boys on to victory.

Snowball this year has now been changed to five days. An agenda will be typed and sent all around Gibbons with times and dates.

Snowball will be held from March 17 to 21.

Any community residents who are interested in working or helping in anyway to make our snowball a success, are asked to contact Mrs. Metreuc in the Village office.

A Teen Club dance put on by the Teen Club is going to be on March 13 in the school gymnasium. Cost is \$5 a couple, and a band will be playing.

The Gibbons Mites lost 5-4 to the Edmonton Mite A's on Saturday, January 17th.

The Gibbons Seniors beat Morinville 6-4 on January 18th.

The Gibbons Indians won 4-3 against Namao on January 18th.

Speedy recovery to Bill Mitchell after his recent operation.

There is lots of excitement in Mr. and Mrs. George Hutchings' household. Congratulations to Karen Hutchings on her engagement to Mr. Jerry Orlick of Calmar. Wedding is to take place on February 28.

Congratulations also to Jeff Hutchings on his engagement to Miss Jean McNaughton of Killam. The wedding will take place sometime in early April.

The Medical Clinic is now open four days a week. Days are Monday, Tuesday, Wednesday and Friday. Phone for an appointment anytime after 12:00 at 923-2200. The emergency number is 735-3931.

The Gibbons Scouts need a

new scoutmaster or an assistant before February 4th or the Scouts will cease. Anyone at all who can lend a hand would sure be appreciated by the boys, as it would sure be a shame for the organization to have to fold after all this time. So please, if you have some extra time and would like to help the boys out please phone Shirley Olson at 923-3312 or Garry Cuthbert at 923-2335.

Hockey scores for the week - Jan. 21 Gibbons bantams vs Bon Accord - 7-2; Jan. 22 Fort Sask. vs Gibbons - 6-3; Jan. 24 Talons vs Coronado - 8-1; Jan. 24 Peepees vs Riviere Qui Barre - 3-3; Jan. 24 Bon Accord Shaver B vs Gibbons Shaver B - 0-15 for Gibbons; Jan. 28 Redwater A's vs Gibbons A's - 1-3 Gibbons; Jan. 29 Gibbons B's vs Redwater B's - 8-0 for Gibbons; Jan. 25 Gibbons Flyers vs Ardrossan - 5-5; Jan. 27 Gibbons Flyers vs Edmonton Ladies - 2-2; Jan. 29 Namao vs Gibbons Flyers - 7-5.

THE LAST ROUND-UP (Gibbons Senior Citizens)

A regular meeting was held in the Legion Hut on January 22. Thirty-eight members answered roll call, there was one visitor, Mrs. Hazel Hancock.

We tried to keep business to a minimum. There were one or two matters which had to be attended to. Otherwise it was visiting and bingo for the afternoon.

It was reported that the "Sunshine Singers" of Strathcona Place would like to come out again. It was left with the entertainment committee to make the arrangements for a later date when the weather is a bit warmer.

Lunch was served. Those observing birthdays in January are Klaas Blom and Vera Hostyn. Happy Birthday was sung for them, followed by "The More We Get Together" to bring an enjoyable afternoon to a close. Next meeting is February 12th.
